When Is Spring Break Palm Beach County 2016:

Plaintiff in Chief James D. Zirin, 2019-09-24 A comprehensive analysis of Donald Trump's legal history reveals his temperament, methods, character, and morality. Unlike all previous presidents who held distinguished positions in government or the military prior to entering office, Donald Trump's political worldview was molded in the courtroom. He sees law not as a system of rules to be obeyed and ethical ideals to be respected, but as a weapon to be used against his adversaries or a hurdle to be sidestepped when it gets in his way. He has weaponized the justice system throughout his career, and he has continued to use these backhanded tactics as Plaintiff in Chief. In this book, distinguished New York attorney James D. Zirin presents Trump's lengthy litigation history as an indication of his character and morality, and his findings are chilling if you partner with Donald Trump: you will probably wind up litigating with him. If you enroll in his university or buy one of his apartments, chances are you will want your money back. If you are a woman and you get too close to him, you may need to watch your back. If you try to sue him, he's likely to defame you. If you make a deal with him, you had better get it in writing. If you are a lawyer, an architect, or even his dentist, you'd better get paid up front. If you venture an opinion that publicly criticizes him, you may be sued for libel. A window into the president's dark legal history, *Plaintiff in Chief* is as informative as it is disturbing.

Mar-a-Lago Laurence Leamer, 2024-03-26 Where Trump Learned to Rule To know Donald J. Trump, it is best to start in his natural habitat: Palm Beach, Florida. It is here he learned the techniques that took him all the way to the White House. Painstakingly over decades, he has created a world in this exclusive tropical enclave and favorite haunt of billionaires where he is not just president but a king. The vehicle for his triumph is Mar-a-Lago, one of the greatest mansions ever built in the United States. The inside story of how he became King of Palm Beach and how Palm Beach continues to be his spiritual home, even as president, is rollicking, troubling, and told with unrivaled access and understanding by Laurence Leamer. In *Mar-a-Lago*, the reader will learn how Donald Trump bought a property now valued by some at as much as 500,000,000 for less than three thousand dollars of his own money. Why Trump was blackballed by the WASP grandees of the island and how he got his revenge. How Trump joined forces with the *National Enquirer*, which was headquartered nearby, and engineered his own divorce. How by turning Mar-a-Lago into a private club, Trump was the unlikely man to integrate Palm Beach's restricted country club scene and what his real motives were. What transpires behind the gates of today's Mar-a-Lago during the season when President Trump and assorted D.C. power players fly down each weekend. In addition to copious interviews and reporting from inside Mar-a-Lago, Laurence Leamer brings an acute and unparalleled understanding of the society of Palm Beach where he has lived for twenty-five years. He has written an essential book for understanding Donald Trump's inner
