All the Miracles of the Bible Herbert Lockyer, 1988-09-26 This book discusses the supernatural in Scripture including the scope and significance of events and embodiments

*God, Where Are You?* Carlos Mesters, 2003-12-09 God where are you is a question many of us ask at many points in life usually when we don't know what path to take or where to turn in despair In *God Where Are You* Carlos Mesters suggests that to answer this question we should turn to the place turned to again and again throughout history the Bible itself *God Where Are You* provides a way to approach the Bible as millions of ordinary people have for many hundreds of years Carlos Mesters suggests that the Bible can be considered the Christian family album and its contents a guide for discovering who we are where we came from and of course where God is in our lives Scholars may study and debate argue and date searching for the perfect answers to who wrote down which part of the Bible and when but this is not the total of what the Bible is *God Where Are You* shows that it is the people of the Bible and the stories of how God touches them that have the most to tell us Mesters looks at the stories of Adam and Eve Abraham Moses and the prophets as well as the story of Job and the Psalms of David from the Hebrew Scriptures Then he turns to the Gospels the Sermon on the Mount the Parables Miracles and Life of Jesus Throughout he shows how the Bible in speaking about people also speaks about God being always firmly in their midst

**Where Are You Lord?** Ginger Grancagnolo Ed.D.,D. Min.,2024-01-30 Some days can seem just ordinary We awaken at a designated time with a head full of tasks have to and what ifs We might check our phones and devices getting info for the day that ranges from the weather stocks politics and messages to Alexa turn on the coffee pot Somehow this probable routine has become normal Somehow this may be how we prepare for an ordinary day with the intent that we might be ready and safe to greet the day with some level of pleasure and success All this actually sounds reasonable However it only takes one traffic jam one late bus one unexpected phone call one breaking news alert and this seemingly reliable system can easily crumble into dust carrying all positive goals and expectations with it We would falter into distractions upsets frustrations and fatigue before noon because of something or someone that knocks us off our purposed day and all without warning Uncertainty bubbles up everywhere Local and global news are filled with violence and upheaval on a regular basis We are bombarded by the media on all our tech devices and we now are even further conflicted with what has been phrased Fake news We have access 24 7 to split second ongoing information yet we don t really know what is valid and what isn t We may feel the media government philosophies dreams goals and faith have all failed us Whom or what can we trust We do our best to analyze understand the rapid pace of present lives and somewhere deep inside we perhaps all want similar goals We desire peace prosperity healthy bodies and relationships and the opportunity to make some dreams come true personally and professionally It all sounds reasonable However the biggest challenge may be how to bridge what we desire from inside our hearts with a world outside that feels often unsafe biased and unfair If we have ever tried to make clear sense of our lives we probably have said or even shouted Where are you Lord Regardless of the mood we were in asking or praying this plea may have mostly resulted in more quiet tears and confusion I say this from my own experience In fact this missive is the result of my own confusion pain and earnest desire to know the truth of God on a daily basis I used one guiding Light based on one single truth Seek first the Kingdom of God and all things will be given to you as well Matthew 6 33 I wanted to know and feel a reliable relationship with God that was not slanted by my ego needs or imagination I wanted to trust His truth and then be

**Hume and the Problem of Miracles: A Solution**  
M.P. Levine, 2012-12-06 This book developed from sections of my doctoral dissertation *The Possibility of Religious Knowledge Causation Coherentism and Foundationalism* Brown University 1982 However it actually had its beginnings much earlier when as an undergraduate at the University of Virginia I first read Hume's *Of Miracles* and became interested in it Fascinated would be too strong My teacher put the following marginal comment in a paper I wrote about it Suppose someone told you that they had been impregnated by an angel whispering into their ear Wouldn't you think they had gone dotty She had spent time in England I thought about it I agreed that I would not have believed such testimony but did not think this had much to do with Hume's argument against belief in miracles What surprised me even more was the secondary literature I became convinced that Hume's argument was misunderstood My main thesis is established in Part I This explains Hume's argument against justified belief in miracles and shows how it follows from and is intrinsically connected with his more general metaphysics Part II Part I It should give the reader a more complete understanding builds on of both the structure of Hume's argument and of his crucial and questionable premises Chapters 5 and 11 are perhaps the most technical in the book but they are also the least necessary They can be skipped by the reader who is only interested in Hume on miracles

still doing miracles today Because of the many claims of charismaticism on this issue a rather detailed biblical study of the matter is warranted We defend the following conclusions Modern miracle workers cannot demonstrate the attributes of biblical ones and are lying when they claim similar gifts There are no God sent miracle workers in Scripture that were not also sources of new direct divine revelation to be believed and obeyed as the word of God The faith to perform or receive a miracle is just as supernatural and God given as the miracle itself and modern faith healers are wrong to blame disappointed followers for their lack of such faith The Church has universally testified that the gifts of miracle working ceased in the early Church with the completion of the NT The fraud in the modern miracle movement has been immense Other legitimate explanations for modern miracles are intriguing and even alarming      *Superstition in All Ages* Paul Henri Thiry Holbach (baron d'),1910      **The Works of John Locke Esq** John Locke,1714      A Discourse of Miracles Wrought in the Roman Catholick Church, Or: A Full Refutation of Dr Stillingfleets Unjust Exceptions Against Miracles Edward Worsley,1676
