broader enterprise rollout Phase 3 Teams measure and report performance rollout expands to more teams Within three to four months after startup the first quarterly TMS results are reported The TMS is rolled out to more teams over the following 12 to 18 months Within 12 to 24 months TMS quarterly reports demonstrate beneficial enterprise results Phase 4 Full rollout complete TMS continues for growth and sustainability Eventually the TMS is rolled out across the organization and all teams participate At this time with the executive team s support and guidance the Steering Team is transformed into a stable growth and management phase The entire organization continues to use and benefit from the TMS When a single team within an organization works together as one they are effective and productive but when an enterprise works with the same level of synergy it is exponentially more powerful
