Technical Analysis Candlestick Patterns:

Candlestick Charts Clive Lambert, 2009-01-30 Clive Lambert is one of the UK's leading experts in the use and application of Japanese candlestick chart analysis. I have known him for many years and have learnt to greatly respect his depth of knowledge and the objectiveness it brings to his market strategies. Adam Sorab, Chairman, Society of Technical Analysts (STA). The aim of this book is to introduce candlestick analysis to anyone from an absolute beginner to an experienced market professional. The text is written to be simple enough for someone new to the topic but should not exclude those with more experience. The author's aim is to change the simple viewing of a candlestick chart into a search for the answer to the perennial question: Who's controlling the market, the Bulls or the Bears? Candlesticks are a fantastic way of getting a clear idea of market direction and any changes that may be taking place in price trends. In this exciting new book, Clive Lambert walks you through what candlesticks are, the major patterns, and importantly, the psychology behind them, using straightforward language that will appeal to all levels of ability. Having outlined the key patterns and described the real-life application of the techniques, he then ends the book with his 10 golden rules for trading with candlesticks. This book is a no-nonsense guide to the methodology and practical usage of this ancient Japanese charting technique and essential reading for any trader, broker, or market operative, regardless of their level of experience or the markets they are involved in.

How to Make Money Trading with Candlestick Charts Balkrishna M. Sadekar, 2015-07-23 Japanese rice traders have successfully used candle signals to amass huge fortunes for nearly four centuries. Constantly refined and tested over time, candlestick signals are now being used the world over for trading all financial markets, including stocks, derivatives, and currencies, etc. This book explains step by step how you can make money by trading the powerful and proven candlestick techniques. Here is how: Explanation of major candle signals, how to recognize them, and use them effectively. The underlying market psychology revealed by each candle formation. How to combine candlestick signals with Western technical analysis to take advantage of high probability trades which generate explosive profits. Stop loss settings for various candlestick signals for cutting losses. Master this and you will be way ahead of fellow traders. How the use of candlesticks with technical analysis provides a simple mechanical trading system which eliminates emotional interference, panic, and greed. How to use candlestick charts for making money from longer term trading and investing. PLUS Proven market tested trading ideas, tips, and common mistakes to avoid, based on the author's rich experience of trading stocks and options. This book will enable both new traders and experienced traders to derive systematic and consistent profits from the market by adding candlestick charting to their trading arsenal.

REVIEWS FOR THE BOOK Educational addition to the technical trader's shelf. The Hindu Business Line. Clearly explains and reinforces the message of each candlestick pattern, pointing out other details that can help determine success or failure at each occurrence. The real-life examples are manifold, well chosen, and amplify the lessons being taught. Highly recommended reading for traders in all markets to discover ways of profiting from candlestick trading. Alan Northcott.

Sadekar's book not only manages to live up to the expectations but probably excels them. Sadekar attempts to keep things simple and targets the beginner to intermediate level technician as his target audience. Each type of reversal, consolidation, and continuation pattern is tackled in individual chapters and illustrated liberally with charts of Indian stocks. The author leaves ample strategies for the not so active trader, also combining Dow theory tools like trend lines, oscillators, and moving averages with the oriental techniques. This gives the reader an immediate advantage of getting the best of both the worlds. While all chapters are interesting, read chapters 11-12 are the highlights of the book as they lay out a simple but actionable game plan for a trader and investor. As if the overall package was not sweet enough, Sadekar has compiled a tear away candlestick ready reckoner at the end of the book to identify emerging patterns in real time. At its price, the book is a value buy. All in all, a must read book for every freshman candle sticks trader. Vijay L Bhambwani, Technical Analyst, CEO BSPLIndia.com
