Switzerland Without a Car Anthony Lambert, 2013 Switzerland is home to the world's finest public transport system. You can't reach much of the country by car but travellers can hop from steamer to cycle to scenic rail route with ease allowing them to explore this alpine landscape and picturesque towns at a more relaxed pace. Switzerland has thousands of fine museums, castles, mansions and outstanding churches together with vernacular buildings. The collections of its major art galleries would hold their own with most capital cities. This guide, fully updated with the latest route information, explores the length and breadth of the country by public transport. There is a detailed section on understanding the Swiss Travel System to help travellers get the most from their visit. Author Anthony Lambert outlines special train routes such as the Glacier Express and the Pre-Alpine Express and describes every railway line and what there is to see from each station as well as connecting journeys by steamer, postbus, funicular, cableway, bicycle and foot. Switzerland without a car showcases the unique features of each station such as luggage forwarding, cycle hire, walking routes and even the station caf which is used by locals because of its quality. Todi Walking Tours Bernard Mansheim, Claudio Peri, 2018-06-16 This book is a walking tour guide for English-speaking visitors through an ancient hill town in central Italy. Todi sits majestically above the Tiber River in the region of Umbria, very near the exact geographic center of Italy. In Umbria, this region known widely as the green heart of Italy for its lush fields and majestic hills lies midway between Florence and Rome. Todi, a prototypical Italian hill town, was founded over 1,500 years ago and has retained its historic beauty by being surrounded by a set of walls that has prevented any new construction and experienced almost no demolition for over 500 years. The guide offers three walking tours that allow the visitor to appreciate historic sites from the Etruscan era through the Roman centuries and into the Renaissance. Each walk can be done in a leisurely fashion with almost no distraction from noise or car traffic.
