offenders She kept a number of canes in her bedroom As soon as a servant committed any offence she sent the culprit to fetch something for her from her bedroom She was always obeyed Seconds later she would close up with the offender in her bedroom lock up the door and empty as many canes she wanted on the culprit The best the pleading neighbours could do was to plead for mercy for she would open the windows Such pleas normally fell on deaf ears as she would open the door release the culprit only when she was satisfied that she had meted out of the offender severe punishment as she pleased
