Book 3.* Kennedy-Scanlon, Michael, Cebrian, Juli, Bradbury, John, 2024-10-09 This book is the result of years of experience teaching English to Spanish undergraduates studying for a degree in English Language and Literature The focus of the book reflects the assumption that a large majority of the mistakes made by advanced level learners are the result of interference from their native language The approach adopted in this book is based on the idea that correcting one's own mistakes involves two separate operations namely first recognising the error as such and then providing the correction for it In the first two thirds of the book errors are explicitly identified for the learner whose task is simply to correct the errors In the final third however learners must carry out both operations It is this two step approach that the term guided error correction tries to reflect In order to provide sufficient practice each of the errors all characteristic of Spanish speakers learning English occurs on six separate occasions in the book In addition the book includes a section of brief explanatory notes at the back of the book where each of the errors is explained with Spanish translations provided to enhance comprehension of nuances in meaning These notes are cross referenced with each error in the exercises for handy referral but at the same time represent in themselves a compact reference source for common errors This book will be useful for advanced level Spanish speaking learners of English in any context though it has been designed primarily not for systematic consecutive classroom use but rather as a series of self correcting one page exercises that can be pursued sporadically at the learner's convenience This book is part of a series of three books      **Burn This House** Jasminka Udovicki, James Ridgeway, 2000-10-31 An account of the rise and fall of Yugoslavia by the people who live there The pieces

**Holy Intoxication to Drunken Dissipation** Barbara Y. Butler, 2006-05 On the eve of the Spanish conquest of the Inca Empire peoples throughout the Andes brewed beer from corn and other grains believing that this alcoholic beverage called asua was a gift from the gods a drink possessing the power to mediate between the human and divine Consuming asua to intoxication was a sacred tradition that humans and spirits shared creating reciprocal joy and ties of mutual obligation When Butler began research in Huaycopungo Ecuador in 1977 ceremonial drinking was causing hardship for these Quichua speaking people Then in 1987 a devastating earthquake was interpreted as a message from God to end the ritual obligation to get drunk Holy Intoxication to Drunken Dissipation examines how the defense of drinking and getting drunk ended abruptly as the people of Otavalo re evaluated their traditional religious life and their relationship with the wider Ecuadorian society and defended a renewed traditional indigenous culture with increasing pride This account presents both the local people s views of their struggles and a more general analysis of the factors involved and concludes with thoughts about how their culture will adapt in the future
