Fanadzo, Nothando Dunjana, Hupenyu Allan Mupambwa, Ernest Dube, 2023-07-10 This edited book is focused on Sustainable Development Goal 2 It offers a comprehensive and topical collection of practices technologies and innovations in the field of sustainable food production and security under a changing climate It is a one stop handbook for farmers researchers extensionists policy makers and other stakeholders seeking to identify and disseminate best fit technologies for local and regional landscapes It offers an understanding of the challenges risks and uncertainties as well as opportunities to foster productive and sustainable food production Smallholder farming and agriculture in general is facing a serious threat from climate change that has resulted in erratic and unpredictable rainfall and increased temperatures among other abiotic stresses These climate change induced pressures have reduced productivity mainly among the smallholder farmers who are critical in driving the attainment of sustainable development goals like SDG 2 12 and 13 The objective of the book is to document effective and practicable practices and technologies that can be adopted by smallholder African farmers as mitigation measures against the effects of climate change This book is of interest to researchers agricultural scientists climate change scientists capacity builders and policymakers **Applying Theories for Information Systems Research**

Tiko Iyamu, 2021-09-26 This book sets out to provide postgraduate researchers with guidance on selecting and applying sociotechnical theories to the study of information systems including how they can be combined to complement each other Until now it has been difficult to source advice on the application of these theories and there has been no single book that combines multiple theories as this does Examining the impacts of technological developments and seeking to understand how humans interact with computers and systems is a dynamic field but can often confuse researchers with the overwhelming number of social theories that are utilised to derive insights Instead the author in this book breaks down some of the most popular theories used to underpin information system research such as activity theory AT actor network theory ANT contingency theory CT diffusion of innovation DOI theory structuration theory ST and the technology acceptance model TAM By doing so this book serves to enable a simpler faster selection of appropriate theories and a more effective and productive application that leads to richer more rigorous research outcomes Written for postgraduates researchers and academics in the

fields of information technology and information systems this book provides a valuable resource of sociotechnical research methodologies that will enable and enhance future studies

The Arts and Indigenous Knowledge Systems in a Modernized Africa Runette Kruger,Rudi de Lange,Ingrid Stevens,2018-12-17 This collection derives from a conference held in Pretoria South Africa and discusses issues of indigenous knowledge systems IKS and the arts It presents ideas about how to promote a deeper understanding of IKS within the arts the development of IKS arts research methodologies and the protection and promotion of IKS in the arts Knowledge embedded in song dance folklore design architecture theatre and attire and the visual arts can promote innovation and entrepreneurship and it can improve communication IKS however exists in a post millennium modernizing Africa It is then the concept of post Africanism that would induce one to think along the lines of a globalized cosmopolitan and essentially modernized Africa The book captures leading trends and ideas that could help to protect promote develop and affirm indigenous knowledge and systems whilst also making room for ideas that do not necessarily oppose IKS but encourage the modernization not Westernization of Africa

Metal-Organic Framework Nanocomposites Anish Khan,Mohammad Jawaid,Abdullah Mohammed Ahmed Asiri,Wei Ni,Mohammed Muzibur Rahman,2020-11-24 Metal Organic Framework Nanocomposites From Design to Application assembles the latest advances in MOF nanocomposites emphasizing their design characterization manufacturing and application and offering a wide ranging view of these materials with exceptional physical and chemical properties FEATURES Discusses various types of MOF materials such as polyaniline MOF nanocomposites magnetic MOF nanocomposites and carbon nanotube based MOF nanocomposites Includes chapters on the usage of these materials in pollutant removal electrochemical devices photocatalysts biomedical applications and other applications Covers different aspects of composite fabrication from energy storage and catalysts including preparation design and characterization techniques Emphasizes the latest technology in the field of manufacturing and design Aimed at researchers academics and advanced students in materials science and engineering this book offers a comprehensive overview and analysis of these extraordinary materials

Lean Six Sigma in Higher Education Jiju Antony,2020-11-30 This book illustrates the integration of both Lean and Six Sigma as a process excellence methodology which can be utilized in Higher Education environments for achieving and sustaining world class efficiency and effectiveness It showcases various studies carried out by leading research scholars academics and practitioners

Climate Vulnerability and Resilience in the Global South G. M. Monirul Alam,Michael O. Erdiaw-Kwasie,Gustavo J. Nagy,Walter Leal Filho,2021-08-21 This book provides hands on conceptual theoretical and case study discussions on vulnerability and resilience in the global south This book covers the core of adaptation strategies in developing countries context in an easy to follow theoretical and empirical examples This book shares contemporary approaches on vulnerability adaptation strategies and resilience which aim to assist its targeted audience academics policymakers and practitioners to understand and make informed decisions in a wide variety of real world resilience

situations *Proceedings of 2nd International Conference on Intelligent Computing and Applications* P. Deiva Sundari, Subhransu Sekhar Dash, Swagatam Das, Bijaya Ketan Panigrahi, 2016-10-12 Second International Conference on Intelligent Computing and Applications was the annual research conference aimed to bring together researchers around the world to exchange research results and address open issues in all aspects of Intelligent Computing and Applications The main objective of the second edition of the conference for the scientists scholars engineers and students from the academia and the industry is to present ongoing research activities and hence to foster research relations between the Universities and the Industry The theme of the conference unified the picture of contemporary intelligent computing techniques as an integral concept that highlights the trends in computational intelligence and bridges theoretical research concepts with applications The conference covered vital issues ranging from intelligent computing soft computing and communication to machine learning industrial automation process technology and robotics This conference also provided variety of opportunities for the delegates to exchange ideas applications and experiences to establish research relations and to find global partners for future collaboration **e-Infrastructure and e-Services for Developing Countries** Amos Nungu, Bjorn Pehrson, Julianne Sansa-Otim, 2015-04-20 This book constitutes the thoroughly refereed proceedings of the 6th International Conference on e Infrastructure and e Services for Developing Countries AFRICOMM 2014 held in Kampala Uganda November 24 25 2014 The 31 revised full papers were carefully selected from 57 submissions and cover topics such as communication infrastructure health IoT cloud computing and TVWS ICT4D applications access to information and ICT4D miscellaneous *Polymer Nanocomposites for Advanced Engineering and Military Applications* Ramdani, Nouredine, 2019-04-01 The field of polymer nanocomposites has become essential for engineering and military industries over the last few decades as it applies to computing sensors biomedical microelectronics hard coating and many other domains Due to their outstanding mechanical and thermal features polymer nanocomposite materials have recently been developed and now have a wide range of applications Polymer Nanocomposites for Advanced Engineering and Military Applications provides emerging research on recent advances in the fabrication methods properties and applications of various nano fillers including surface modification methods and chemical functionalization Featuring coverage on a broad range of topics such as barrier properties biomedical microelectronics and matrix processing this book is ideally designed for engineers industrialists chemists government officials military professionals practitioners academicians researchers and students Polymeric Biomaterials for Healthcare Applications Kokkarachedu Varaprasad, 2022-05-07 Polymeric Biomaterials for Healthcare Applications details a broad range of polymeric biomaterials methods of synthesis and preparation and their various applications in healthcare and biomedicine The book provides a fundamental overview of polymers and processing technologies to allow clinical scientists to explore the use of these polymers in alternative applications A wide variety of healthcare applications are covered including treatment for autoimmune diseases and bacterial infections tissue engineering gene delivery wound dressing and more The

book provides a core introductory text for clinical and materials scientists new to the area of polymeric biomaterials This book will prove useful to academics and researchers in materials science biomedical engineering clinical science and pharmaceutical science Covers a broad range of polymeric biomaterials including chitosan alginate cellulose collagen synthetic conjugates and more Details a wide variety of healthcare applications for polymeric biomaterials such as orthopedic engineering antibiotics targeted drug delivery and more Provides a detailed overview of polymer processing technologies and sterilization considerations *Emerging Trends and Advanced Technologies for Computational Intelligence* Liming

Chen, Supriya Kapoor, Rahul Bhatia, 2016-06-06 This book is a collection of extended chapters from the selected papers that were published in the proceedings of Science and Information SAI Conference 2015 It contains twenty one chapters in the field of Computational Intelligence which received highly recommended feedback during SAI Conference 2015 review process During the three day event 260 scientists technology developers young researcher including PhD students and industrial practitioners from 56 countries have engaged intensively in presentations demonstrations open panel sessions and informal discussions **Application of Nanotechnology in Mining Processes** Elvis Fosso-Kankeu, Martin

Mkandawire, Bhekile B. Mamba, 2022-03-02 b Application of Nanotechnology in Mining Processes Nanotechnology has revolutionized processes in many industries but its application in the mining industry has not been widely discussed This unique book provides an overview of the successful implementation of nanotechnology in some of the key environmental and beneficiation mining processes This book explores extensively the potential of nanotechnology to revolutionize the mining industry which has been relying for a very long on processes with limited efficiencies The nine specialized chapters focus on applying nanoflotation to improve mineral processing effective extraction of metals from leachates or pregnant solutions using nanoscale supramolecular hosts and development of nano adsorbents or nano based strategies for the remediation or valorization of AMD The application of nanotechnology in mining has so far received little attention from the industry and researchers and this groundbreaking book features critical issues so far under reported in the literature Application of nanotechnology in mineral processing for the enhancement of froth flotation Development of smart nanomaterials and application for the treatment of acid mine drainage Recovery of values from pregnant solutions using nano adsorbents Valorization of AMD through formation of multipurpose nanoproducts Audience Industrial interest will be from mining plant operators environmental managers water treatment plants managers and operators Researchers in nanotechnology environmental science mining and metallurgy engineering will find the book valuable as will government entities such as regulatory bodies officers and environmentalists **Multi-purposeful Application of Geospatial Data** Rustam B.

Rustamov, Sabina Hasanova, Mahfuza H. Zeynalova, 2018-05-09 This book is dedicated toward space technology application in Earth studies based on the use of a variety of methods for satellite information classification and interpretation Advantages of geospatial data use in a large scale area of observation and monitoring as a source of decision making stage have been

demonstrated The book describes navigation systems providing data estimation method and review of existing data in the literature relevant to remote sensing sensors delivering main information electromagnetic spectrum and a variety of sensor applications This aspect is important when combining integrating satellite data processing into the field measurements Satellites and satellite data application for the study of Earth features have been demonstrated as the next step of geospatial data application The use of different purposeful processing technology applications of satellite data is one of the vital aspects of space technology advances The use of GNSS GPS technology in industry and MODIS images and data interpretation for agriculture purposes has been presented It was the aim of the book to create an attractive environment by presenting space technology application in the wide areas of Earth study For this purpose some of the book chapters are dedicated toward space technology advances in climate monitoring natural disaster factor detection satellite data processing optimization and GIS technology for meteorology information with the aim of agriculture developments

Design of Functional Polymer Nanocomposites Rotimi Sadiku, Oluranti Agboola, Kokkarachedu Varaprasad, Mapula Lucey Mavhungu, 2025-07-01 Design of Functional Polymer Nanocomposites Interface and Interphase Reactions Compatibilization and Bond Behavior and Functionalization Procedures reviews the latest developments in this fast moving research field The book discusses interface and interphase interactions in polymer nanocomposites as well as compatibilization behavior and different functionalization procedures It illustrates how each of these essential tools can be used in the design of new polymer nanocomposites for a broad range of different industrial scale applications In the research and development of polymer nanocomposites the interface and interphase reactions of different constituents is extremely important They play a vital role in introducing additional features and in the final resultant properties of the nanocomposite In addition final properties are also dependent upon the bond behavior and the reaction and interface created between the two constituents Covers interface and interphase reactions Discusses compatibilization behavior and different functionalization procedures as essential design tools Presents preparation strategies such as polycondensation copolymerization and free radical chains polymerization Provides a diverse focus on a wide range of high performance applications

Tshwane University Of Technology 2015 Applications Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Tshwane University Of Technology 2015 Applications free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Tshwane University Of Technology 2015 Applications free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Tshwane University Of Technology 2015 Applications free PDF files is convenient, its important to note that copyright laws must be respected.
