Witchcraft, Power and Politics

Isak Niehaus,Eliazaar Mohlala,Kally Shokaneo,2001-05-20

This is an extraordinary account of witchcraft and witch hunting in the modern world A powerful ethnographic study of witch hunting in 1980s South Africa a period of rapid social change this book demonstrates the extent to which witchcraft must be seen not as a residue of traditional culture but as part of a complex social drama which is deeply embedded in contemporary political and economic processes Isak Niehaus provides the context for this fascinating study of witchcraft practices He shows how witchcraft was politicised against the backdrop of the apartheid state the liberation struggle and the establishment of the first post apartheid regime which all affected conceptions of witchcraft Niehaus demonstrates how the ANC and other political groups used witchcraft beliefs to further their own agenda He explores the increasingly conservative role of the chiefs and the Christian church In the process he reveals the fraught nature of intergenerational and gender relations The result is a truly insightful and theoretically engaged account of a much studied but frequently misunderstood practice
