Tucker S Way The Tucker Series:

Tucker's Way David Johnson,2013-04 One woman s childhood was steeped in abuse and poverty Another woman lived a public life of privilege and a private life of abuse Tucker s Way is the tale of Tucker and Ella who are forced to trust each other with their lives Much like the characters portrayed by Nicole Kidman and Renee Zellweger in Cold Mountain they come from very different backgrounds and believe they have very little in common But they soon find that they share a common link of abuse and neglect that continues to chain them to their past and will ultimately link them together Raised by an abusive father and living on welfare in the south Tucker trusts no one She lives as isolated a life as she can while also raising her daughter s three children But when Ella moves in next door Tucker is forced to rethink her view of the world Ella is recovering from breast cancer and from being divorced by one of Tucker s long time antagonists Judge Jack Ella s openness about her life crashes headlong into Tucker s closed door attitude Tucker s Way is an inspirational story about overcoming incredible odds

Slavery and the American Founding Jude M. Pfister, 2025-03-03 Since 1776 the Founding generation has been portrayed as creators of a new world where liberty and freedom were the inherent birthright of all peoples. The Founders, although brilliant, were nonetheless human and fashioned a country conceived in liberty and freedom for themselves. The enslaved women and other minorities were not part of the original Founding documents. All men created equal was a political statement, not some ethereal message of Enlightenment understanding. This book demonstrates that to understand the American Founding is to understand the totality of America. The American Founding and the so-called compromises forged by state delegates to ensure national unity despite existing alternatives that could have rejected enslavement defined the period from 1765 to 1800 and planted the seeds for a horrific civil war. Two of the most debated words from the Age of Enlightenment, freedom and liberty, not only made America independent but also made it dependent on an execrable system rejected by most of the European thinkers who inspired the uprising against Britain. *The Prettiest Girl on Stage Is a Man* Kathleen B. Casey, 2024-01-12 In this highly readable book, Kathleen Casey makes an important intervention into the study of early twentieth-century American vaudeville and some of its most infamous stars. She pinpoints the blind spot in current scholarship by demonstrating how race as much as gender charges the meanings in vaudeville performance. Linda Mizejewski, author of *Pretty Funny Women*, *Comedians and Body Politics*, and *Ziegfeld Girl*. From the 1890s through the 1920s, vaudeville reigned as one of the most popular entertainment forms in urban America. Through drama, humor, and satire, it invited its socially, economically, and ethnically diverse audiences to turn a self-conscious eye upon themselves and their culture, which was being rapidly transformed by such forces as immigration, racial discord, and new conceptions of gender roles. It was no coincidence that acts featuring cross-dressing performers and racial impersonators were among vaudeville's biggest attractions. In this lively and enlightening study, Kathleen B. Casey explores the ways in which the gender and race-bending spectacles of vaudeville dramatized the economic, technological, social, and cultural upheaval that gripped the United States in the early twentieth century. She focuses on four key performers: Eva Tanguay, known as The I Don't Care Girl, was loved for her defiance of Victorian decorum, linking white womanliness to animalistic savagery at a time when racial and gender ideologies were undergoing significant reconstruction. In contrast, Julian Eltinge, the era's foremost female impersonator, used race to exaggerate notions of manliness and femininity in a way that reinforced traditional norms more than it undermined them. Lillian Brown, a biracial woman who portrayed a cosmopolitan black male dandy while singing about an antebellum southern past, offered her audiences black and white starkly different visual and aural messages about race and gender. Finally, Sophie Tucker, who often performed in blackface during the early years of her long and heralded career, strategically played with prevailing ideologies by alternately portraying herself as white, Jewish, black, manly, and womanly while managing remarkably to convince audiences that these identities could coexist within one body. Analyzing a wide assortment of primary materials—advertisements, recordings, lyrics, sheet music, costumes, photographs, reviews, and press

accounts from the era Casey looks not only at gender and racial impersonation but also at how spectators reacted to these performances Kathleen B Casey is an assistant professor of history at Virginia Wesleyan College *Doggett's New-York City Directory, for ...* ,1845 *Index of Patents Issued from the United States Patent Office* United States.
