Companion to the Restoration and Eighteenth Century Cynthia Wall, 2008-04-15 This Concise Companion presents fresh perspectives on eighteenth century literature. Contributes to current debates in the field on subjects such as the public sphere, travel and exploration, scientific rhetoric, gender and the book trade, and historical versus literary perceptions of life on London streets. Searches out connections between the remarkable number of new genres that appeared in the eighteenth century. Crosses conventional disciplinary lines. Demonstrates that philosophy, history, politics, and social theory both influence and are influenced by literature.

Cacaphonies Annabel L. Kim, 2022-04-05 Exploring why there is so much fecal matter in literary works that matter. *Cacaphonies* takes fecal matter and its place in literature seriously. Readers and critics have too long overlooked excrement's vital role in the twentieth and twenty-first century French canon. In a stark challenge to the tendency to view this literature through sanitizing abstractions, Annabel L. Kim undertakes close readings of key authors to argue for feces as a figure of radical equality, both a literary object and a reflection on literature itself without which literary studies is impoverished and sterile. Following the fecal through line in works by Celine, Beckett, Genet, Sartre, Duras, and Gary, and the contemporary authors Anne Garréta and Daniel Pennac, Kim shows that shit far from vanishing from the canon after the early modern period remains present in the modern and contemporary French literature that follows. She argues that all the shit in the canon expresses a call to democratize literature, making literature for all just as shit is for or of all. She attends to its presence in this prized element of French identity, treating it as a continually uttered desire to manifest the universality France aspires to, as encapsulated by the slogan *Liberté, égalité, fraternité*, but fails to realize. In shit, there is a concrete universalism that traverses bodies with disregard for embodied differences. *Cacaphonies* reminds us that literature and the ideas to be found therein cannot be separated from the corporeal envelopes that create and receive them. In so doing, it reveals the aesthetic, political, and ethical potential of shit and its capacity to transform literature and life.

Women, Men and Language Jennifer Coates, 2015-12-22 *Women, Men and Language* has long been established as a seminal text in the field of language and gender, providing an account of the many ways in which language and gender intersect. In this pioneering book, bestselling author Jennifer Coates explores linguistic gender differences, introducing the reader to a wide range of sociolinguistic research in the field. Written in a clear and accessible manner, this book introduces the idea of gender as a social construct and covers key topics such as conversational practice, same-sex talk, conversational dominance, and children's acquisition of gender-differentiated language, discussing the social and linguistic consequences of these patterns of talk. Here reissued as a Routledge Linguistics Classic, this book contains a brand new preface which situates this text in the modern-day study of language and gender, covering the postmodern shift in the understanding of gender and language and assessing the book's impact on the field. *Women, Men and Language* continues to be essential reading for any student or researcher working in the area of language and gender.
