alternative would have been But however you describe it the letters that Don Gazzaniga finds on his web site ever since his
first cookbook was published easily bring tears to the reader's eyes The doctor told him that the very low sodium diet is the
main thing responsible for this success and I couldn't wait to share it with you When I said that your book saved my husband's
life I meant it That first cookbook was a surprise to medical professionals and their patients alike Doctors have always
believed that no one could ever get below 1500 milligrams of sodium a daily diet Keep it at that level Don's doctor told the

cookbook that told readers just about everything they needed to know where to find the right ingredients how to make tasty
substitutions that did not raise the sodium level and more with the sodium count given for each ingredient and each recipe
That was The No Salt Lowest Sodium Cookbook Don decided to embellish the general work with some specialties and with
his wife Maureen created The No Salt Lowest Sodium Baking Book If anyone thinks that you can't make delicious bread and
