### Co-Instructor

David McCandlish  
Email: dmccca@umd.edu (put HONR348M in subject field)  
Phone Number: 301-405-9779

### Course Objectives

Through readings, extensive class discussion, guest lecturers, oral presentations, a team trading exercise, and participation in a class trading competition where students create and manage a portfolio in a simulated trading environment, the proposed course will introduce students to investing and trading, with special emphasis on the field of technical analysis. The technical approach to the markets focuses largely on the analysis of price and volume patterns as indicators of stock trends. Students will learn how to research companies using internet sources and the TC2000 technical analysis program. Each student will be expected to design and test a set of trading rules. Students will develop an accurate view of the risks and benefits of trading stocks and an appreciation of the complexities involved in the technical approach to trading stocks.
