I Could Use a Miracle Right Now John Webb Kline, 2004 The movie The Passion of The Christ dramatically conveyed the price that Jesus paid on the cross to redeem the sins of the world John Webb Kline's new book I Could Use a Miracle Right Now profoundly brings the message of the cross and what it means to us in the 21st century into perspective in a way that few books can It is a story about one man's life long encounter with the Living Christ a story that one might call The Passion of the Christian It is a must read for any true seeker of truth or follower of Christ Author John Webb Kline describes his inspiring new book as a Workingman's Theology a theology that helps us to find God in the midst of our everyday struggles and which helps us to make sense out of the seemingly senseless trials and tribulations we all face Based on stories from his own often tumultuous yet miracle filled life Webb brings us to the amazing discovery that not only is God's intervention for our lives real but it is also there for each and everyone of us hidden only by our rational worldviews and unbelief This is a book about hanging on to faith when it would seem perfectly reasonable not to a book for the faithless and faithful alike it is a book for those who are feeling so hurt so angry or so left out of God's will that they have nothing left but the desire to curse God and die In today's world it very well could be your own handbook for survival Heart to Hand Ministries director Woody Wolfe has this to say about I Could Use a Miracle Right Now Webb is able to take us on that journey to see the true miracles that are the reality of our everyday lives even when the world had blurred our vision Webb's uncanny ability to put into

words that which is at the heart of the true Gospel message has been such a blessing to me I wish this book would have been around during those first days of my full time ministry when I was still looking to the world for affirmation To truly understand that God is already knocked out about us gives us the freedom to be just who we are and Webb has brought that vision of the uncompromising love of God to these pages Please visit the Miraclenews website **Model curriculum for training tractor-trailer drivers** ,1985 Impact of Truck Overloads on the Highway Trust Fund United States.
