

# Trumpet: Range Exercise

Gary Bridgewater

This musical score is a range exercise for trumpet, consisting of eight staves of music. Each staff begins with a measure number: 1, 5, 9, 13, 17, 21, 25, and 29. The exercise is written in treble clef and 2/4 time. The melody consists of quarter notes, with pairs of notes (e.g., G4 and A4 on the first staff) beamed together and connected by a slur. The notes ascend stepwise across the staves, starting from G4 and reaching G5 by the end of the eighth staff. The exercise is designed to help the player develop range and control across the trumpet's register.

*Trumpet Range, Endurance, and Flexibility* Ralph P Davella, 2022-02-16 My name is Ralph Davella a lifetime Carmine Caruso student The foundation of this book is based on the years of lessons i had with the legendary brass teacher Carmine Caruso Carmine taught at his studio on West 64th Street in New York City After my lessons Carmine would allow me to sit and watch him teach An annual event in Manhattan was the international Brass conference Renowned brass players from all around the world would fly in for this event Many of these professional brass players would schedule a lesson with Carmine Caruso months ahead of time Some of these famous musicians were having trouble with their embouchure for various reasons Sometimes because of there demanding playing schedule and many because they were lead players and the demands of playing lead with all the upper register work would take its toll on the embouchure I watched him calmly have a conversation with these players Carmine would give them a simple exercise and explain to them how to do the exercise I would see these players come back and say they are playing as if they never had a problem with their embouchure to begin with Studies in this book such as the exercise called The Fourths Down and The Fourths up along with other studies should bring you similar positive results Everyone is different as far as the amount of time it takes to warm up The lessons in this book are designed to take you from the warm up and on through the lesson in a timely fashion This is why the subtitle for the book is called the 25 minute workout
