Johnson, 2020-06-26 Feminism Self Presentation and Pinterest *The Labor of Wedding Planning* argues that Pinterest which has been largely criticized for perpetuating vapid stereotypical gender roles is actually a dynamic digital curation tool that facilitates meaning making around the important cultural event of the Western wedding Emily S Johnson through a thorough examination of how aspiring brides use the platform to plan their weddings found that Pinterest is a unique platform that offers brides the opportunity to construct their own wedding identity by engaging in creativity and exercising voice and agency during planning Even if the content they are consuming does support tenets of patriarchy or gender roles brides are able to make their own choices rather than having their goals determined for them through societal or familial norms and expectations The platform integrates both the online and offline labors of wedding planning as brides create meaning through the curation process and connect with the self as they execute their planning Overall Johnson argues that far from the stereotypes of fantasizing about dream weddings and luxurious lifestyles that may be unrealistic Pinterest gives brides increased ability to make their own specialized vision come to life Scholars of women s studies gender studies communication media studies cultural studies and rhetoric will find this book particularly useful

The Identity Trap Yascha Mounk, 2025-09-23 Named a Best Book of the Year by *The Economist* *Financial Times* Inc *Prospect Magazine* and *The Conversation* The most comprehensive and reasonable story of this shift that has yet been attempted Mounk has told the story of the Great Awakening better than any other writer who has attempted to make sense of it *The Washington Post* An intellectual tour de force about the origins of identity politics and the threat it presents to genuine honest old fashioned liberalism Bret Stephens *The New York Times* Among the most insightful and important books written in the last decade on American democracy and its current torments because it also shows us a way out of the trap Jonathan Haidt author of *The Righteous Mind* and coauthor of *The Coddling of the American Mind* Outstanding David Brooks *The New York Times* A fascinating account of the origins of wokeness and a trenchant explanation for why the noble goals of identity politics are doomed to fail For much of history societies have violently oppressed ethnic religious and sexual minorities It is no surprise that many came to believe that members of marginalized groups need to take pride in their identity to resist injustice But over the past decades a healthy appreciation for the culture and heritage of minority groups transformed into our contemporary form of identity politics a counterproductive obsession with group identity This new ideology denies that members of different groups can truly understand each other and insists that the way governments treat their citizens should depend on the color of their skin This Yascha Mounk argues is the identity trap Those who battle for these ideas are often full of good intentions But they ultimately stand in the way of the genuine equality we desperately need Mounk was one of the first to warn of the risks that

right wing populists pose to American democracy a danger that remains as serious as ever But as he shows here the identitarian left and the populist right actually reinforce each other to vanquish one it is necessary to oppose both In *The Identity Trap* Mounk provides the most ambitious and comprehensive account to date of the origins consequences and limitations of wokeness He shows how postmodernism postcolonialism and critical race theory conquered many college campuses and forged an identity synthesis that gained tremendous influence in business media and government by 2020 Finally Mounk makes a nuanced philosophical case for why these ideas are so counterproductive and why universal humanist values can best serve the vital goal of true equality *The Identity Trap* provides truth and clarity where they are needed most
