Turfloop Check My Status:

Religion and AIDS Treatment in Africa Hansjörg Dilger, Thera Rasing, 2016-04-08 This book critically interrogates emerging interconnections between religion and biomedicine in Africa in the era of antiretroviral treatment for AIDS Highlighting the complex relationships between religious ideologies practices and organizations on the one hand and biomedical treatment programmes and the scientific languages and public health institutions that sustain them on the other this anthology charts largely uncovered terrain in the social science study of the Aids epidemic Spanning different regions of Africa the authors offer unique access to issues at the interface of religion and medical humanitarianism and the manifold therapeutic traditions religious practices and moralities as they co evolve in situations of AIDS treatment This book also sheds new light on how religious spaces are formed in response to the dilemmas people face with the introduction of life prolonging treatment programmes

The Law and the Prophets Daniel R. Magaziner, 2010-09-07 The 1970s are a decade virtually lost to South African historiography This span of years bridged the banning and exile of the country's best known antiapartheid leaders in the early 1960s and the furious protests that erupted after the Soweto uprisings of June 16 1976 The Law and the Prophets is an intellectual history of the resistance movement between 1968 and 1977 it follows the formation early trials and ultimate dissolution of the Black Consciousness movement Magaziner argues that only by understanding how ideas about race faith and selfhood developed and were transformed in this period might we begin to understand the dramatic changes that took place

Witchcraft and a Life in the New South Africa Isak Arnold Niehaus, 2013 This biography casts new light on scholarly understandings of the connections between politics witchcraft and AIDS in South Africa

FAITH, HOPE AND DETERMINATION DANIEL J. THERON M.A., Th./Ph.D, 2014-03 Readers will greatly benefit reading this book's forerunner SO MUCH WATER SO LITTLE WOOD for they play in contrasting milieus of maladministration and usually well administered milieus of the financial and other worlds The American Association of University Professors deserves praise for its penetrating light on that book's milieu benefitting employees and other educational institutions for future years Professions have their unique vocabulary and idioms of wisdom as does the investment business Its truth will be summarized Business flourished for me Ruth and I could vacation and travel a more pleasant life Sorrow struck Ruth had developed small brain aneurysms and died within four days Two and a half years later I married Janice Seybolt Morton a widow with two young daughters Life went on And Princeton Seminary Purposely locked in a forget corner Then my phone rang The same student who wanted a copy of my prayer decades ago now Seminary Archivist looked for my file but it was forever assigned to trash I still have your prayer he said He came for three days asking questions and recording my answers He unlocked the corner I had portraits of five deceased outstanding former colleagues at Princeton painted for the Seminary and eventually established endowments for scholarships and distribution of Bibles in South Africa together with liberal contributions for a new library Graciously the Seminary dedicated a lecture room in the new library for me on October 22

Chabani Manganyi,2016-05-01 This intriguing memoir details in a quiet and restrained manner with what it meant to be a committed black intellectual activist during the apartheid years and beyond Few autobiographies exploring the life of the mind and the history of ideas have come out of South Africa and N Chabani Manganyi s reflections on a life engaged with ideas the psychological and philosophical workings of the mind and the act of writing are a refreshing addition to the genre of life writing Starting with his rural upbringing in Mavambe Limpopo in the 1940s Manganyi s life story unfolds at a gentle pace tracing the twists and turns of his journey from humble beginnings to Yale University in the USA The author details his work as a clinical practitioner and researcher as a biographer as an expert witness in defence of opponents of the apartheid regime and finally as a leading educationist in Mandela s Cabinet and in the South African academy Apartheid and the Making of a Black Psychologist is a book about relationships and the fruits of intellectual and creative labour Manganyi describes how he used his skills as a clinical psychologist to explore lives both those of the subjects of his biographies and those of the accused for whom he testified in mitigation his aim always to find a higher purpose and a higher self White Man's Justice Michael Lobban,1996 This major new study examines the use of political trials by the apartheid regime in South Africa against its opponents in the 1970s the decade when the ideology of apartheid was reaching its apogee After tracing the early history of the South African Students Organization and the Black People s Convention it shows how the state reacted to the threat posed by the black consciousness movement by launching a major trials of ideas using the notorious Terrorism Act It examines how at the same time the authorities sought to crack down on white dissent by prosecuting the leaders of the National Union of South African Students By making a detailed study of trial transcripts in addition to other materials it explores how the state sought to infiltrate and crush nascent ANC and PAC structures which were re emerging in the mid 1970s within South Africa It shows how the prosecution policy and the legal strategy of the state changed during the decade as the nature of the threats it faced altered culminating in the trial of the leaders of the Soweto Students Representative Council in 1979 for sedition Arguing that the political trial was perhaps the only venue where white ideology had to engage directly with black protest this original and thought provoking account demonstrates how the trials became platforms for competing views of society and politics which give a unique insight into the conflict between the political ideals held by blacks and whites in this era It also reveals how large a part politics played in securing the conviction of many dissenters and how large a part events beyond the courtroom played in the detention and torture of many activists
