Turfloop Testimony G. M. Nkondo, 1976 Background information on higher education for blacks in South Africa and a report on the University of the North is presented While the English language universities in South Africa have emphasized academic freedom and autonomy and have been open to nonwhite students the Afrikaans language universities have conformed to national policy and the social order and have been closed to blacks In 1959 legislation established universities exclusively for blacks and governed by whites based on a policy of separate development and a belief in fundamental racial differences The growth of black consciousness and sensitivity toward differential and discriminatory practices is considered along with confrontations that occurred between the State and the students of the University of the North Findings are presented of a one person judicial Commission of Inquiry the Snyman Commission which investigated management issues the causes of disturbances at the University of the North and the Black Academic Staff Association The Commission recommended introducing a largely black governing council and authorizing joint responsibility of blacks and whites for teaching and administrative functions allowing students to choose among universities and eliminating differential salaries and conditions for black and white staff The study commission's questionnaire items and answers are presented SW **The Super-Afrikaners** Ivor Wilkins, Hans Strydom, 2012-08-28 The Super Afrikaners originally published in South Africa in 1978 scandalised a nation as it exposed the secret workings of a powerful Afrikaner organisation called the Broederbond Out of print for over three decades this new edition is available for a new generation and includes an introduction by Max du Preez Formed in Johannesburg in 1918 by a group of young Afrikaners disillusioned by their role as dispossessed people in their own country the first triumph of this remarkable organisation was the fact that it was largely responsible for welding together dissident factions within Afrikanerdom and thereby ensuring the accession of the National Party to power in 1948 This highly organised clique of Super Afrikaners by sophisticated political intrigue waged a remarkable campaign to harness political social and economic forces in South Africa to its cause and succeeded Political journalists Hans Strydom and Ivor Wilkins traced at great personal risk its development from its earliest days The book includes the most comprehensive list of Broeders ever published A Century of South African Theatre Loren Kruger, 2019-11-28 Theatre is not part of our vocabulary Sipho Sepamla's provocation in 1981 the year of famous anti apartheid play Woza Albert prompts the response yes indeed it is A Century of South African Theatre demonstrates the impact of theatre and other performances pageants concerts sketches workshops and performance art over the last hundred years Its coverage includes African responses to pro British pageants celebrating white Union in 1910 such as the Emancipation Centenary of the abolition of British colonial slavery in 1934 organized by Griffiths Motsieloa and HIE Dhlomo through anti apartheid testimonial theatre by Athol Fugard Maishe Maponya Gcina Mhlophe and many others right up to the present dramatization of state capture inequality and state violence in today's unevenly democratic society where government has promised much but delivered little Building on Loren

Kruger's personal observations of forty years as well as her published research *A Century of South African Theatre* provides theoretical coordinates from institution to public sphere to syncretism in performance in order to highlight South Africa's changing engagement with the world from the days of Empire through the apartheid era to the multi lateral and multi lingual networks of the 21st century The final chapters use the Constitution's injunction to improve wellbeing as a prompt to examine the dramaturgy of new problems especially AIDS and domestic violence as well as the better known performances in and around the Truth and Reconciliation Commission Kruger critically evaluates internationally known theatre makers including the signature collaborations between animator designer William Kentridge and Handspring Puppet Company and highlights the local and transnational impact of major post apartheid companies such as Magnet Theatre Food Security for African Smallholder Farmers Hupenyu Allan Mupambwa, Adornis Dakarai Nciizah, Patrick Nyambo, Binganidzo Muchara, Ndakalimwe Naftal Gabriel, 2022-02-28 This book provides a synthesis of current agricultural research in Africa with the aim of presenting evidence based information that can be directly applied into improving the African smallholder farmers food security It presents positive scientific research that has been undertaken in Africa in simpler terms thus driving the research for development agenda contributing to the attainment of SDG 2 Numerous research that targets resource poor African smallholder farmers has been published yet the region faces very low productivity levels This lack of translation from research to food security and increased agricultural incomes is due to the poor uptake of scientific research by farmers which is partly due to poor presentation of this body of knowledge into simpler forms that extension workers and farmers can directly adopt Therefore this book offers research information in an easy digestible and application oriented style so as to enable transformation of the African agricultural sector by effectively driving agricultural productivity in Africa This book is of interest to African extension workers who will translate the simplified knowledge into lessons that can be useful to smallholder farmers The book is also beneficial for policy makers as well as academics researchers and other science based professionals **Resources in Education** ,1984 South African Unemployment Charles Edward Wickens Simkins, Cosmas Desmond, 1978 Monograph on the causes effects and responses to unemployment particularly among Blacks in South Africa R based on a rural areas urban areas survey covers structural unemployment and cyclical unemployment trends including the effects on rural migration patterns and discusses the need for human resources planning and support from the organized Church to combat the worsening problem Apartheid and the Making of a Black Psychologist N. Chabani Manganyi, 2016-05-01 This intriguing memoir details in a quiet and restrained manner with what it meant to be a committed black intellectual activist during the apartheid years and beyond Few autobiographies exploring the life of the mind and the history of ideas have come out of South Africa and N Chabani Manganyi's reflections on a life engaged with ideas the psychological and philosophical workings of the mind and the act of writing are a refreshing addition to the genre of life writing Starting with his rural upbringing in Mavambe Limpopo in the 1940s Manganyi's life story unfolds at a gentle

pace tracing the twists and turns of his journey from humble beginnings to Yale University in the USA The author details his work as a clinical practitioner and researcher as a biographer as an expert witness in defence of opponents of the apartheid regime and finally as a leading educationist in Mandela s Cabinet and in the South African academy Apartheid and the Making of a Black Psychologist is a book about relationships and the fruits of intellectual and creative labour Manganyi describes how he used his skills as a clinical psychologist to explore lives both those of the subjects of his biographies and those of the accused for whom he testified in mitigation his aim always to find a higher purpose and a higher self
