

Exclusive oil injection highlights Suzuki's advanced features.

If you'd like more than for your money in an outboard motor, you've come to the right place. Suzuki Outboards offer you several exclusive features, a broad line of models from which to choose, and the quality you'd expect from Suzuki.

A prime case in point is oil injection, standard on engines from the 50 HP up to the 140 HP. Not an add-on oil pump. Suzuki's unique injection system has proven

its benefits for sixteen years, starting with Suzuki motor-cycles. It takes all the trouble, guesswork, and worry out of adding oil.

It's convenient, and easy to use. Just lift the lid on the motor cover and pour in the oil. A sensor constantly watches the oil level. When it gets low, a buzzer reminds you to top up.

To reach operating speeds, the mixing ratio is automatically and instantly varied from 20:1 at idle to 50:1 at full throttle. A dependable mechanical oil pump boosts its output as exact throttle setting and RPM to reach load conditions. The oil is delivered downstream of the Mikuni carburetor, so it won't get gummed up from the two-cycle oil.

Suzuki oil injection assures peak performance at

all times, cuts oil consumption, reduces spark plug fouling, and means less carbon buildup in the engine. The result: lower operating costs and extended service life.

Loop charge fuel induction.

Suzuki is the only major manufacturer to use loop charge fuel induction in all our out-

boards. This advanced system delivers more horsepower per displacement, combining high performance with fuel
