lower right leg in a motorcycle crash Robert Kull traveled to a remote island in Patagonia's coastal wilderness with equipment and supplies to live alone for a year He sought to explore the effects of deep solitude on the body and mind and to find the spiritual answers he'd been seeking all his life With only a cat and his thoughts as companions he wrestled with inner storms while the wild forces of nature raged around him The physical challenges were immense but the struggles of mind and spirit pushed him even further Solitude Seeking Wisdom in Extremes is the diary of Kull's tumultuous year Chronicling a life distilled to its essence Solitude is also a philosophical meditation on the tensions between nature and technology isolation and society With humor and brutal honesty Kull explores the pain and longing we typically avoid in our frantically busy lives as well as the peace and wonder that arise once we strip away our distractions He describes the enormous Patagonia wilderness with poetic attention transporting the reader directly into both his inner and outer experiences *Military*
