comprehensive and more popularly written than the nine volume Kodansha Encyclopedia of Japan LJ 1 84 this single volume
work is nevertheless a valuable reference source It is extremely current including entries on such recent topics as the
Recruit political scandal and current prime minister Kaifu Toshiki While the articles in the Kodansha Encyclopedia are
written by experts in the field and provide bibliographic references with nearly all of the entries the present work is authored
entirely by Perkins whom the publisher identifies as an educator specializing in Buddhism and Japanese culture and has only
a general bibliography at the end For its more comprehensive treatment especially of historical topics and traditional culture
the Kodansha remains a standard source but for its currency and value as a ready reference tool the Perkins volume will be a
useful acquisition for most libraries as well Its single volume format and lower cost make it an excellent acquisition for
