Cooking with Healthy Girl Mandy Potter, 2010-07. I started revising recipes a couple of years ago when I decided it was time to be as healthy as possible without the loss of the foods that I love. I did a lot of research on foods, nutrition, and the body to discover everything I could to enhance the recipes. Every time I create the healthy version of a recipe, I would follow these 6 points: 1. Healthy: decreasing the bad nutrients and increasing the good nutrients. 2. Tasty: the recipe needs to taste the same or better. 3. Good Portion Size: enough to make you feel full. 4. Easy to Make: with two kids, I have to make this quickly. 5. Common Everyday Ingredients: ingredients you can buy at the local store and use until they are gone. 6. Complete Dinner: pairing a side with an entree makes things a lot easier when trying to feed the family. As you will see with my recipes, I still use some of the staple ingredients that I used when I was cooking the unhealthy versions. I just change how much of those ingredients are used and how those ingredients are used. I also added many new staples to my kitchen that help change my recipes to the healthy version. These recipes have helped change my family to a new and healthy lifestyle, and I hope they do the same for yours.
