the bodies are discovered the police close in on him as the key suspect Meanwhile local writers Kurt Vonnegut and Norman Mailer are locked in a desperate race to secure their legacies as great literary icons and they both set their sights on Tony Costa and the drug soaked hippie culture that he embodies as their next promising subject launching independent investigations that stoke the competitive fires between two of the greatest American writers Immersive unflinching and shocking Helltown is a landmark true crime narrative that transports us back to the turbulent late 1960s reveals the secrets of a notorious serial killer and unspools the threads connecting Costa Vonnegut and Mailer in the seaside city that played host to horrors unlike any ever seen before New York Times bestselling author Casey Sherman has crafted a stunner
