

McDougal Littell

Biology

The background of the cover is a vibrant green, textured with faint, light-colored illustrations of various biological structures. These include a hexagonal molecular structure, a circular diagram with internal components, and a detailed fern frond. The main image is a crocodile with dark, scaly skin and a lighter-colored underbelly, perched on a light-colored, textured rock. The crocodile is facing right, with its head slightly turned towards the viewer.
