La Dolce Vita: Recipes for Living the Sweet Life Michelle Kenney, **Delicious Easy Recipes that Anyone Can Cook** Paul Butkevich, 2010-12-30

How does an engineer by education and heart turn into a sales and marketing person who eventually writes a cook book as he heads into retirement? I was an engineer that eventually steered my career into sales and marketing. This had me traveling all over the country and eating and entertaining in some of the finest restaurants this Country has to offer. I actually got paid for eating great meals in some of the best restaurants in the United States. I never thought or even dreamed of cooking until I became unemployed many years later. This is when I started watching Rachael Giada and the other food network shows. I was able to find my new passion for cooking. I started to embellish upon those same recipes and enhanced them even more. I got more ideas while eating in some of the local restaurants in Massachusetts. I tried to cook some of those dishes. I also got some recipes and ideas from talking to friends who also enjoy good food and cooking. I started to bring some of my meals to work for my friends to try. They have been the ones that encouraged me to write this cook book. Every one of the meals that I brought in was given outstanding reviews. I only hope that you will like these easy, tasty recipes and enjoy them as much as we have. Remember most of these can be cooked in less than a half hour and in most cases all of these recipes include the prep time for that half hour.

Mastering the Art of French Cooking, Volume 1 Julia Child, Louisette Bertholle, Simone Beck, 1983-09-12

NEW YORK TIMES BESTSELLER. The definitive cookbook on French cuisine for American readers. What a cookbook should be packed with sumptuous recipes, detailed instructions, and precise line drawings. Some of the instructions look daunting, but as Child herself says in the introduction, "If you can read, you can cook." Entertainment Weekly: "I only wish that I had written it myself." James Beard. Featuring 524 delicious recipes and over 100 instructive illustrations to guide readers every step of the way, Mastering the Art of French Cooking offers something for everyone, from seasoned experts to beginners who love good food and long to reproduce the savory delights of French cuisine. Julia Child, Simone Beck, and Louisette Bertholle break down the classic foods of France into a logical sequence of themes and variations, rather than presenting an endless and diffuse catalogue of dishes from historic Gallic masterpieces to the seemingly artless perfection of a dish of spring green peas. Throughout, the focus is on key recipes that form the backbone of French cookery and lend themselves to an infinite number

of elaborations bound to increase anyone's culinary repertoire Julia has slowly but surely altered our way of thinking about food She has taken the fear out of the term haute cuisine She has increased gastronomic awareness a thousandfold by stressing the importance of good foundation and technique and she has elevated our consciousness to the refined pleasures of dining Thomas Keller The French Laundry
