Steeple Morden Strafers (1943-45) Ken Wells,1994-08-01 *RAF and USAAF Airfields in the UK During the Second World War* Geoff Mills,Daniel Knowles,2022-03-31 Shortly after the end of the Second World War the United Kingdom was described as one vast aircraft carrier anchored off the coast of Europe During a seven year period 500 airfields were constructed to serve the needs first of the RAF and later the USAAF as they carried the war to German occupied Europe The airfields that were constructed took many different forms from training airfields and Advanced Landing Grounds to grass fighter airstrips and vast complexes used to accommodate heavy bombers This book charts the history of each Second World War airfield in and around the UK providing a unique insight in to the construction operational life and post war history of each airfield Alongside detailing the history of each airfield this work comprehensively records the details of each unit that operated from airfields around the UK The information provided in this meticulously researched book is supported by a wealth of 690 photographs providing an illustration into the life of each wartime station *Fighter Bases of WW II US 8th Army Air Force Fighter Command USAAF, 1943-45* Martin W. Bowman,2009-08-19 This book covers the bases used during the Second World War by the American fighter units that flew in support of the 8th Air Forces heavy bomber forces The long range Lightnings Thunderbolts and Mustangs escorted the Mighty Eighths Flying Fortresses and Liberators on their deep penetration raids into occupied Europe and Germany Fighter cover was vital since the USAAF flew daylight raids and in the early months the number of US aircraft lost to the defending Luftwaffe fighters was unacceptably high The airfields included are Bodney Bottisham Boxted Debden Duxford East Wretham Fowlmere Halesworth Honington Horsham St Faith Kings Cliffe Leiston Martlesham Heath Raydon Steeple Morden Wattisham and Wormingford This book looks at the history and personalities associated with each base what remains today and explores the favorite local wartime haunts where aircrew and ground crew would have sought well deserved entertainment and relaxation Other museums and places that are relevant will also be described and general directions on how to get them included *Frantic 7* John Radzilowski,Jerzy Szczeniak,2017-09-19 An amazingly detailed and inspiring account of the only daytime air expedition to help Polish freedom fighters during World War II Books Monthly The Frantic operations were conceived in late 1943 during World War II making Soviet airfields accessible to long range American aircraft based in Italy and later England Yet Stalin had to be persuaded by the United States to let them use Frantic to drop supplies to the Poles after the Warsaw Uprising began in 1944 On September 18 1944 American B 17 Flying Fortresses supported by fighter planes dropped arms ammunition medical supplies and food over the city of Warsaw The assistance came too late and had no bearing on the situation of the Polish freedom fighters in Warsaw but the events of that day and the courage of 1 220 airmen who risked their lives are still remembered by the Poles of Warsaw A thoroughly researched impressively detailed and exceptionally well written history this book gives a full narrative of the Frantic 7 operation itself Midwest Book Review Using firsthand accounts of the events from the freedom

fighters on the ground in Warsaw the fates of the young aircrew in particular those of I'll Be Seeing You are told in detail It also sets Frantic 7 in its political context and explains how the diplomatic wrangles helped set the stage for the breakdown in relations between the Soviet Union and the United States and the beginning of the path to the Cold War **United States Air Force and Its Antecedents** James T. Controvich, Martin Gordon, 2004-06-24 This bibliography lists published and printed unit histories for the United States Air Force and Its Antecedents including Air Divisions Wings Groups Squadrons Aviation Engineers and the Women's Army Corps **Got Any Gum Chum?** Helen D Millgate, 2009-04-30 When the first American servicemen arrived in England in March 1942 the indigenous population greeted their presence with mixed feelings A certain level of resentment of these newcomers was harboured by the English and expressed by many in the in the well worn phase of the time over paid over sexed and over here But without the presence of American servicemen in Britain and its huge military and industrial muscle the war with Germany would probably have been lost Using a combination of contemporary eyewitness and documentary sources plus latter day interviews linked together by engaging narrative Helen Millgate takes a look at the background to the friendly invasion where they all came from who they were where they were stationed and what they did She examines how the Yanks got on with the locals how they fitted in or didn't their impact on the social structure of England in the 1940s the problems they brought with them and their impressions of England She concludes with the journey home once the war in Europe had ended describing what the Yanks left behind them and the wives and sweethearts they took stateside **The Window at St. Catherine's** John F. Dobberty Jr., John Dobberty Jr., 2005-08 If the fates had been just a shade different we might all be flying to and from Cullerton International instead of O'Hare International This is the incredible story of Bill Cullerton a leading United States Army Air Force ace in World War Two Few could have survived the harrowing ordeal he experienced Here is a tale of salmon fishing war survival and friendship This is the true story of The Window at St Catherine's The Waffen SS officer takes Bill's gun jams it against his right side just under his rib cage For you the war is over the Waffen SS officer says He pulls the trigger The window at St Catherine's is really a grabber hanging on every word is a cliché so I won't use it but it is a good read solidly and well told William A Rooney co author The Enola Gay and the Smithsonian Institution Whitaker's Books in Print, 1998 'Down to Earth' Strafing Aces of the Eighth Air Force William N Hess, 2012-12-20 Like The Long Reach Down to Earth is a message from the battle at its height told in their own words by the men who fight this is how Brig Gen Francis Griswold VIII Fighter Command ends his introduction to this book His official endorsement reveals just how important a document Down to Earth was to the teaching of tyro fighter pilots heading for action in the ETO More leading aces were lost to flak whilst ground strafing than to German fighters In this book William Hess has included biographies of all the pilots that originally contributed to this work back in 1943 44 P-51 Mustang vs Fw 190 Martin W. Bowman, 2008 **Lion in the Sky** Jerry Scutts, 1987 **Steeple Modern Strafers** Ken Wells, 1996
