Pearson's Magazine ,1909 Vol 49 no 9 Sept 1922 accompanied by a separately paged section entitled ERA electronic reactions of Abrams **Arming the World** Geoffrey S. Stewart,2024-05-31 Arming the World tells the story of the American small arms industry from the early 1800 s through the post Civil War era Almost from the beginning the United States produced arms in new and radically different ways relying upon machinery to mass produce guns when others still made them by hand Leveraging their technological advantage American gun makers produced guns with interchangeable parts and perfected new types of small arms ranging from revolvers to repeating rifles The federal government s staggering purchases of arms during the Civil War stimulated the development of fast firing breech loading rifles and metal cased ammunition When in 1865 it became clear that every country in the world had re equip itself with modern weapons the Americans had an overwhelming head start Salesmen from Remington Winchester Colt and Smith Wesson and from lesser known firms too traveled the world marketing their guns dominating or perhaps even inventing the international arms business American gun makers sold rifles and side arms by the millions and cartridges by the billions to great powers restive colonies and fading empires alike Adding a new element to the unstable global balance of power American gun makers affected the course of history **Captive of the Labyrinth** Mary Jo Ignoffo,2010-12-06 The first full length biography of Sarah Winchester the subject of the movie Winchester starring Helen Mirren Since her death in 1922 Sarah Winchester has been perceived as a mysterious haunted figure After inheriting a vast fortune upon the death of her husband in 1881 Sarah purchased a simple farmhouse in San Jos California She began building additions to the house and continued construction on it for the next twenty years A hostile press cast Sarah as the conscience of the Winchester Repeating Arms Company a widow shouldering responsibility for the many deaths caused by the rifle that brought her riches She was accused of being a ghost obsessed spiritualist and to this day it is largely believed that the extensive construction she executed on her San Jos house was done to appease the ghouls around her But was she really as guilt ridden and superstitious as history remembers her When Winchester s home was purchased after her death it was transformed into a tourist attraction The bizarre sprawling mansion and the enigmatic nature of Winchester s life were exaggerated by the new owners to generate publicity for their business But as the mansion has become more widely known the person of Winchester has receded from reality and she is only remembered for squandering her riches to ward off disturbed spirits Captive of the Labyrinth Sarah L Winchester Heiress to the Rifle Fortune demystifies the life of this unique American In the first full length biography of Winchester author and historian Mary Jo Ignoffo unearths the truth about this notorious eccentric revealing that she was not a maddened spiritualist driven by remorse but an intelligent articulate woman who sought to protect her private life amidst the chaos of her public existence The author takes readers through Winchester s several homes explores her private life and by excerpting from personal correspondence gives the heiress a voice for the first time since her death Ignoffo s research reveals that

Winchester's true financial priority was not dissipating her fortune on the mansion in San Jos but investing it for a philanthropic legacy For too long Sarah Winchester has existed as a ghost herself a woman whose existence lies somewhere between the facts of her life and a set of sensationalized recollections of who she may have been Captive of the Labyrinth finally puts to rest the myths about this remarkable woman and in the process uncovers the legacy she intended to leave behind
