Yael The Center That Time Forgot:

Yael John Christ, 2014-12-20 Humans often surrender to life's vicissitudes and in doing so they fail to see others living amongst us unaffected by the chaos in our world indeed seemingly above the very madness that characterizes human interaction This story relates an incident when worlds accidentally collide *The Peacekeeper* Maor Kohn, ISA agent Yael Lavie has seen more than enough death and suffering throughout her industrious career But after losing her husband in a bomb attack her work takes on a much deeper personal meaning When she is called to investigate a series of cybersecurity attacks that leave the government exposed Yael's instincts immediately take over Everything leads her back to one man The Assyrian The Assyrian is a shadow moving from one place to another wreaking havoc and political turmoil in his wake with one clear goal the destruction of the old order in the violent and corrupt Middle East and the creation of a new areal order Yael and her team must work with both friends and foes to bring him and his army of sympathizers to justice before they deliver another concussive blow to the self consuming war ravaged Middle East But the closer she gets the more The Assyrian seem to slip away and the more it feels like she's just a game tool in his big plan **Homegrown Magic** Jamie

Pacton, Rebecca Podos, 2025-03-11 A delightful queer romantic fantasy full of friends to lovers chemistry found family rival family drama and cozy garden magic from two acclaimed YA authors making their debut in the adult space Yael Clauneck is the only scion of an obscenely wealthy banking family with its fingers in every pie in the realm They're on the precipice of a predetermined life when they flee their own graduation party galloping away in search of well they're not sure but maybe the chance to feel like life can still be a grand adventure Margot Greenwillow talented plant witch tea lover and greenhouse owner has never felt further from adventure in her life She's been desperately trying to keep what remains of her family's magic remedies business afloat So when her childhood friend and former crush Yael rides back into her life she's shocked But perhaps this could be a good thing After all Margot could use an assistant in the greenhouses Yael has no experience or honestly practical skills but they're delighted to accept They can lay low for a while flirting with Margot while they figure out what to do next Meanwhile Margot has plans of her own but plans are notoriously unreliable things unlikely to survive a swiftly blooming mutual attraction not to mention the machinations of parents determined to get their heir back no matter the cost

, **Playing Hard at Life** Etty Cohen, 2013-05-13 Playing Hard at Life brings contemporary relational thinking to bear on the psychodynamic treatment of a notably difficult group of young patients Working with New York City teenagers who have survived the wars of inner city life and Israeli teenage soldiers who have survived the wars of the Middle East author Etty Cohen documents the extraordinary challenges of forming a treatment alliance with these shattered youngsters of engaging them psychodynamically and of working toward a viable termination The result is not only a poignant record of courage and commitment on the part of patient and therapist alike but also a valuable extension of modern trauma theory to adolescence as a developmental stage with its own challenges and requirements The heart and strength of Cohen's book is

her vivid documentation of hands on encounters with her adolescent patients seen both individually and in group Cohen makes plain that with young people so horrendously traumatized treatment assures a necessarily improvisational character And yet she argues even in the type of pragmatic encounters dictated by massive and repeated trauma contemporary relational theory provides a compass with which to navigate through the rocky shoals of the clinical work Again and again the reader is shocked by just how much happened to these adolescents astonished at how resilient they proved to be and finally moved by how much Cohen was able to accomplish with them Her relational approaches to these treatments teamed with her realization that work with multiply traumatized adolescents cannot be structured in the manner of conventional therapy makes this book an invaluable timely and deeply sobering contribution to the literature The Road to October 7 Rafael Medoff,2025-10 The Road to October 7 examines what paved the way for the October 7 2023 attack on Israel and its aftermath Part 1 The Present documents the Hamas invasion the rise of Hamas the education of Palestinian Arab children to hate and kill the diplomatic decisions that helped enable the attack and the propagation of anti Israel and anti Jewish libels Part 2 The Past analyzes how in both method and ideology the Hamas assault echoed the pogroms in medieval Europe Czarist Russia and Ukraine the Holocaust and a century of Palestinian Arab terrorism It also examines select American universities cultivation of friendly relations with Nazi Germany in the 1930s the same universities that tolerated pro Hamas protests after October 7 and October 7 as a turning point in the long history of antisemitism Readers will emerge with important insights on the Hamas attack antisemitic education in Palestinian Arab society pro Hamas groups on U S campuses the responses of women s and human rights organizations to mass sexual violence misconceptions and fabrications about Israel s conduct in the ensuing war and why October 7 needs to be viewed as one segment of both the century long Palestinian Arab war and the centuries old international war against the Jewish people Never A Dull Moment Jyl Lynn Felman,2002-09-11 Teachers are really performers classrooms are stages and students the captivated audience In beautiful prose Felman invites us to watch her one woman show on the art of performance in today s classrooms These essays take on the greatest hits of the academy identity politics sexual harassment academic censorship and radical pedagogy Felman s book is a performance not to be missed The New York Times Magazine ,2008 **About Paper** Giorgia Calò,2012 *The Heritage-scape* Michael A. Di Giovine,2009-01-01 This book explores how the mere designation of World Heritage sites can achieve UNESCO s goal of creating lasting worldwide peace Drawing on ethnography policy analysis and a sophisticated fusion of anthropological theories Di Giovine convincingly reveals the existence of a global heritage scape and provides a detailed yet expansive look at the politics and processes histories and structures and the rituals and symbolisms of the interrelated phenomena of tourism historic preservation and UNESCO s World Heritage Convention **Australian Landscapes** P. Bishop,B. Pillans,Brad Pillans,2010 Australian Landscapes provides an up to date statement on the geomorphology of Australia Karst desert bedrock rivers coasts submarine geomorphology biogeomorphology and tectonics

are all covered aided by the latest geochronological techniques and remote sensing approaches The antiquity and enduring geomorphological stability of the Australian continent are emphasized in several chapters but the cutting edge techniques used to establish that stability also reveal much complexity including areas of considerable recent tectonic activity and a wide range of rates of landscape change Links to the biological sphere are explored in relation both to the lengthy human presence on the continent and to a biota that resulted from Cenozoic aridification of the continent dated using new techniques New syntheses of glaciation in Tasmania aridification in South Australia and aeolian activity all focus on Quaternary landscape evolution

Peace Entrepreneurs and Social Entrepreneurship Oliver-Lumerman, Amalya, Zilber, Tammar B., Magadlah, Haneen S., Tabib-Calif, Yosepha, Rubel-Lifschitz, Tammy, 2021-09-21 This timely book comprises detailed personal narratives of entrepreneurs who have worked towards peace in the Israeli Palestinian conflict It begins by offering an innovative framework of analysis based on scientific knowledge about social entrepreneurs defining peace entrepreneurship and mapping its unique characteristics It also explains the narrative methodology used and provides a short history of the conflict in the region

Resistance & Recovery in the #MeToo era, Volume I Kate Richmond, Nicole L. Johnson, 2024-02-15 Using an intersectional approach this book amplifies the voices of those who were and continue to be at the frontlines resisting and responding to sexual violence during the rise of digital feminist movements including NoMoreTimesUp and most notably MeToo This book outlines the current socio political landscape including increased visibility of movements such as NoMoreTimesUp and most notably MeToo and the public showcase of accused perpetrators becoming elected to the highest offices in the United States e.g. Brett Kavanaugh's election to the Supreme

Court Donald Trump's election to the Presidency. It offers a note to how this political landscape has impacted survivors and therapists alike. The first of the two volumes include 10 chapters that provide a critique of the silencing of survivors who are marginalized e.g. women of color, trans and queer survivors within the current movements and offer recommendations for how to center their experiences through an intersectional approach. Both the volumes together cover a wide range of perspectives that bring to light the solidarity that was built among survivors regardless of identity and experience within the current socio-political climate while continuing to center the voices of those who are most often marginalized. The chapters in this book were originally published as a special issue of *Women Therapy*. **Victims and Victimhood** Trudy

Govier, 2015-01-01 Who is a victim? Considerations of innocence typically figure in our notions of victimhood as do judgments about causation, responsibility and harm. Those identified as victims are sometimes silenced or blamed for their misfortune, responses that are typically mistaken and often damaging. However, other problems arise when we defer too much to victims, being reluctant to criticize their judgments or testimony. Reaching a sensitive and yet critical stand on victims' credibility is a difficult matter. In this book Trudy Govier carefully examines the concept of victimhood and considers the practical implications of the various attitudes with which we may respond to victims. These issues are explored with reference to a range of complex examples including child victims of institutional abuse and the famed Rigoberta Menchú controversy. Further topics include the authority of personal experience, restorative justice, restitution, forgiveness and closure. **Trauma and**

Recovery Judith Lewis Herman, 2015-07-07 In this groundbreaking book a leading clinical psychiatrist redefines how we think about and treat victims of trauma. A stunning achievement that remains a classic for our generation, Bessel van der Kolk M.D., author of *The Body Keeps the Score*, *Trauma and Recovery* is revered as the seminal text on understanding trauma survivors. By placing individual experience in a broader political frame, Harvard psychiatrist Judith Herman argues that psychological trauma is inseparable from its social and political context. Drawing on her own research on incest as well as a vast literature on combat veterans and victims of political terror, she shows surprising parallels between private horrors like child abuse and public horrors like war. Hailed by the *New York Times* as one of the most important psychiatry works to be published since Freud, *Trauma and Recovery* is essential reading for anyone who seeks to understand how we heal and are healed.

Introduction to Documentary, Fourth Edition Bill Nichols, Jaimie Baron, 2024-08-06 The fourth edition of Bill Nichols's best-selling text *Introduction to Documentary* has been vastly altered in its entirety to bring this indispensable textbook up to date and reconceptualize aspects of its treatment of documentaries past and present. Here Nichols with Jaimie Baron has edited each chapter for clarity and ease of use and expanded the book with updates and new ideas. Featuring abundant examples and images, *Introduction to Documentary Fourth Edition* is designed to facilitate a rich understanding of how cinema can be used to document the historical world as it is seen by a wide variety of filmmakers. Subjectivity, expressivity, persuasiveness and credibility are crucial factors that move documentary film away from objective

documentation and toward the thought provoking realm of arguments perceptions and perspectives that draw from a filmmaker s unique sensibility to help us see the world as we have not seen it before Exploring ethics history different modes of documentary key social issues addressed and both the origins and evolution of this form this updated volume also offers guidance on how to write about documentaries and how to begin the process of making one Introduction to Documentary Fourth Edition will be of use not only to film students but also those in adjacent fields where visual representations of reality play an important role journalism sociology anthropology feminist and ethnic studies among others
