Runways & Racers Terry O'Neil, 2011 Runways and Racers focuses on sports car races held at military installations throughout America in the early 1950s. It was a marriage of convenience for the Sports Car Club of America and the Strategic Air Command with both parties gaining advantages from the arrangement. The thorn in the side turned out to be a Congressman whose own aspirations exceeded his standing but who found himself in a position to be able to influence the outcome of events.

BMW Custom Motorcycles Uli Cloesen, 2011 Customising BMWs does it work. This book the first of its kind solely devoted to the BMW custom bike scene proves it does. Features stunning images of customised BMW singles, twins and fours from contributors around the globe, many complemented by owners' stories and technical descriptions.
