Flight of Faith Frederick Berretta,2009 Plunged into the icy waters of the Hudson God spared Frederick Berretta s life in an instant and changed his heart forever Frederick Berretta was an amateur pilot himself so when U S Airways Flight 1549 struck a flock of geese and lost both engines minutes after takeoff from Laguardia Airport on that fateful afternoon of January 15 2009 he knew before most of his fellow passengers that something was seriously wrong As the roar of the jets quieted and the aircraft ceased to climb as the pilot guided the powerless plane towards a desperate crash landing and announced Brace for impact Berretta fingered the prayer book in his pocket and tried to prepare himself for death A multitude of thoughts flooded his mind all at once He reminded himself that the odds of surviving a water landing were slim to none He thought of his wife and his four children and how they would miss him He remembered he had just been to confession and to Mass and he wondered if his soul would be ready to meet the Lord And he knew he had to pray God please be merciful to us for the sake of your Son he whispered Please spare us I trust in you Jesus I trust in you Mother of God please pray for us At that very instant Berretta felt a push or nudge on his conscience a state of awareness he d never before experienced and a keen realization that he had to do something But what Then God s voice sounded strong and clear in the depths of his soul Are you going to accept My will for your life For Frederick Berretta the events of that fateful January day were the crystallizing moment of a lifetime of conversion This story tells how he lost his childhood faith and as a young adult embraced a selfish worldly life how he suffered through family turmoil and the death of a child and how by God s grace he slowly returned to the Church humbled and grateful God used the Miracle on the Hudson to confirm him in his faith and set him on fire to share it with others *Flight of Faith* is the inspiring true story of how God works in our lives in simple and extraordinary ways Read more at the *Flight of Faith* website

Encouragement from 30,000 Feet Captain Greg

Johnston, 2018-03-22 Greg and I met over twenty years ago and discovered we shared a mutual love for flying and for our Lord and Savior Jesus Christ. Being very close in seniority, we have never had the pleasure of flying together, but I have flown with many of his co-pilots and they all share the same opinion as I do: Captain Johnston is the real deal. If you would like a glimpse into the world of commercial aviation and an excellent source of encouragement, then this book is for you. Captain Dan Mack, American Airlines. Captain Greg Johnston combines his thirty-plus years of experience on the flight deck to form this book of encouragement. Although the flight scenarios he shares apply to aviation, the biblical principles they illustrate will also apply in a unique way to daily life. This is a very good read for anyone, not just the aviation enthusiast alone. First Officer Ann Smith, American Airlines.

Flight of Passage Rinker Buck, 2024-09-24 A memoir of two teenage brothers' cross-country flight in a Piper Cub in 1966. A terrific book. Huckleberry Finn meets The Spirit of St. Louis. Chicago Sun Times. In the summer of 1966, Rinker and Kern Buck, two teenagers from New Jersey, bought a dilapidated Piper Cub for \$300, rebuilt it, and piloted it on a record-breaking flight across America, navigating all the way to California without a radio because they couldn't afford one. Their trip retraced a mythical route flown by their father, Tom Buck, a brash, colorful ex-barnstormer who had lost a leg in a tragic air crash before his sons were born but who so loved the adventure of flight that he taught his boys to fly before they could drive. Along the way, the brothers would battle thunderstorms and wracking turbulence and encounter cowboys and crop dusters and the small-town cafes, cheap motels, and dusty landing strips of pre-Vietnam America. These two young men must separate from their difficult, quirky father literally by putting a country's distance between them, but they do it on their father's terms, in an airplane. This is more than a flying adventure; it is also a warm, affectionate account of an unusual family. The Newark Star Ledger. Colorful, exhilarating, heart-stirring. Booklist. An enchanting story with masterly insider descriptions of flight. Kirkus Reviews. An adventure full of fraternal jealousy, boneheaded hubris, and unbridled fun and freedom. The Boston Globe. A funny, cocky gem of a book. The New Yorker. Includes photographs.

One Adventure After Another John and Edna Lewis, 2013-04 This book is not about heroes like military pilots who risk their lives protecting our country or commercial pilots who wing their way across the world transporting us from one place to the other or general pilots who daily perform tasks that can only be done from the air. We owe all of these pilots a great respect and gratitude for the job that they do. Most of the books written are about them. This book is about the private pilot who is the average man or woman who does not intend to risk their lives flying an airplane. This book is about those people who simply want to take to the air for the joy of being airborne and for the intellectual challenge of keeping up with the birds. If I thought for a moment that flying was not safe, I would not step into an airplane. For years I felt that flying was for the foolhardy until by chance I discovered that flying is safer than driving a car if you learn how to fly and follow the rules. This book attempts to describe the transition from becoming a land person to becoming an air person and the pleasures experienced on the way. John O Lewis My first adventure with John as an airplane pilot gave me the surprise of my life. After vehemently refusing to go flying with him, I agreed once and for all to join him in the cockpit for a brief tour around Chicago. Once airborne, my imagined fears were replaced by sheer joy of seeing the sights and realizing the wonders both above and below. This initial flight was the beginning of adventures of our lifetime. Never again was any coaxing on his part needed for me to join him on flights. Edna M Lewis

Flights of Faith Frederick Doe, Naa Lamile Adade, 2014-04-18 Flights of Faith is the autobiography of a Christian airline pilot who shares his experiences during his career as an airline pilot and as a reverend minister and where he encourages others to commit their ways to the Lord. This book talks about the experiences of Rev Capt retired Emmanuel Odoi Woolley who in the skies of the unseen trusted God in all his aerial journeys. There were rough times where he trusted God and there were joyful moments as well, especially his last flight after forty plus years of flying safely around the world. In all this, he did not see himself as having achieved something by his own feat but instead by the grace of God. Others never had it this way. The lesson in this book echoes the prophet Micah's exhortation in Micah 6:8. He has told you, O man, what is good and what does the Lord require of you but to do justice and walk humbly with your God. ESV Rev Samuel Kofi Osabutey
