S. Stone, 1999-01-01 **Mighty Mo--The Battleship USS Missouri** Michael McCloud, 1998 *The Battleship USS Iowa* Witold Koszela, 2017-03-19 The American battleship USS Iowa is one of the most famous warships of World War Two era Built in 1943 at New York Naval Yard she was the lead ship of a series of four battleships of the class named after her and deemed some of the world's largest and best During the Second World War USS Iowa went into history as a ship aboard which the president of the USA Franklin Delano Roosevelt traveled to Tehran where the infamous Tehran Conference in which two other leaders British Prime Minister Winston Churchill and Soviet prime minister Joseph Stalin participated was held Later the ship was sent to serve in the Pacific where she took part in almost all major operations against Japanese forces After a short overhaul in San Francisco in early 1945 she continued operations against Japan taking part among others in the shelling of Kyushu Honshu and Hokkaido islands and on 27 August 1945 the ship's crew accepted the surrender of the Yokosuka naval base After the end of the war in early 1946 Iowa was the flagship of the 5th Fleet operating in Gulf of Tokyo waters and after the return to the US her role was limited to that of a training ship Mighty Mo: the battleship USS Missouri (VT), 1998 **The Battleship USS Massachusetts** Witold Koszela, 2017-10-31 The American battleship USS Massachusetts is one of the best known units of its class during World War Two It was built at Fore River Quincy Shipyard in Massachusetts in 1939 1942 and was one of four South Dakota type battleships The crew serving on USS Massachusetts humorously nicknamed their ship the Big Mamie Building started in July 1939 the launching took place on the 23rd of September 1941 The godmother of the ship was former Navy Secretary Charles Francis Adams wife The equipping took more than half the year and on 12th of May 1942 the unit was introduced into the service The first commander of the ship was Captain Francis E M Whiting Service of USS Massachusetts teemed with interesting events from the beginning After finishing all tests trials and crew trainings the ship left home waters in October 1942 It was assigned to securing the landing of Allied forces in North Africa This is when the ship gained its fame after winning the battle with the unfinished French battleship Jean Bart stationed in port of Casablanca The damage caused by USS Massachusetts was so severe that French unit was never finished and didn't enter operational service During that fight

she also caused extensive damage to the port's infrastructure and damaged some transport units. The crucial event of the unit's service was the battle with a group of French warships which managed to escape from Casablanca. Massachusetts together with assisting cruisers sank the French cruiser Primauguet as well as two destroyers Boulonnais and Fougueux; another one, Malin, was severely damaged. The battleship took its further service on the Pacific waters, quickly becoming the work horse of the fleet. It took part in dozens of different operations against Japanese forces. USS Massachusetts participated in countless escorts of aircraft carriers, supported the forces landings with its guns, and covered the convoys with the AA fire. The battleship repeatedly shelled the Japanese positions, many of them on home islands. For its service, the unit was awarded with eleven Battle Stars, gaining the label of Remarkably Merited Battleship during the fight against Japan. After the war, the ship continued its service on the Pacific for a short period of time. In March 1947, it was transferred to the Atlantic Reserve Fleet based in Norfolk, where it stayed until June 1962. In that year, the unit was discharged from the US Navy. Originally, there was a plan to send the battleship to the scrapyard, but thanks to the efforts of war veterans and Massachusetts state inhabitants, the deserved unit was saved. In the year 1965, the battleship was moved to Fall River, where, after proper adaptation and stating it the garden of remembrance of fallen WW2 soldiers, it was open for tourists. Today, the ship is permanently anchored in Battleship Cove, a place known as the biggest cluster of monument ships. It is grouped with the destroyer USS Joseph P. Kennedy Jr. and submarine USS Lionfish. USS Massachusetts is preserved in mint condition, and it is the great relic which allows the visitors to feel the strength of the unit and get to know the armament, architecture, and construction of WW2 era battleships.

*Battleship Missouri* Paul Stillwell, 1996. Fifty years after the end of World War II comes the first complete history of the USS Missouri, site of the Japanese surrender on September 2, 1945. This book traces the story of the Missouri, the last of the U.S. Navy's fifty-seven battleships and the most technically advanced, from her keel laying in 1941 through the ship's successful participation in the Persian Gulf War in 1991. Author Paul Stillwell was on the Missouri's final voyage to Hawaii shortly before her decommissioning in 1992 and interviewed Desert Storm veterans still on board. Subsequently, he talked to dozens of other men who served on the Missouri's crew during her long and illustrious history. Combining those interviews, more than 100 altogether, with records in the Naval Historical Center, National Archives, Harry S. Truman Library, and other repositories, Stillwell has produced an engrossing portrait of the ship and her crew. Readers have a sense of being right on board as history was being made in World War II. They are also treated to an up-close view of the 1946 trip to the Mediterranean that planted the seed for the Sixth Fleet, President Truman's involvement with the ship, the Korean War, midshipman cruises, the warship's modernization in the 1980s after a long period in mothballs, an around-the-world cruise, and finally her presence in the Persian Gulf. Among the many fascinating stories to be found here is the tale of a midshipman who gained a personal audience with Winston Churchill during a 1949 cruise to England, a crew member's description of winning a million-dollar state lottery, an account of President Truman's lifting the ban on drinking so he could enjoy his
