The Beats and the Academy Erik Mortenson,Tony Trigilio,2023-04-01 The Beats and the Academy marks the first sustained effort to train a scholarly eye on the dynamics of the relationship between Beat writers and the academic institutions in which they taught Rather than assuming the relationship between Beat writers and

institutions of higher education was only a hostile one The Beats and the Academy begins with the premise that influence between the two flows in both directions Beat writers suspicion of established institutions was a significant aspect of their postwar countercultural allure Their anti establishment aesthetic and countercultural stance led Beat writers to be critical of postwar academic institutions that tended to dismiss them as a passing social phenomenon Even today Beat writing still meets resistance in an academy that questions the relevance of their writing and ideas But this picture like any generalization is far too easy The Beat relationship to the academy is one of negotiation rather than negation Many Beats strove for academic recognition and quite a few received it And despite hostility to their work both in the postwar era and today Beat works have made it into syllabi conference presentations journal articles and monographs The Beats and the Academy deepens our understanding of this relationship by emphasizing how institutional friction between the Beats and institutions of higher education has shaped our understanding of Beat Generation literature and culture and what this relationship between Beat writers and the academy might suggest about their legacy for future scholars *How We*
