**Understanding David Henry Hwang** William C. Boles, 2013-12-15 David Henry Hwang is best known as the author of *M. Butterfly*, which won a 1988 Tony Award and was a finalist for a Pulitzer Prize, and he has written the Obie Award winners *Golden Child* and *FOB*, as well as *Family Devotions*, *Sound and Beauty*, *Rich Relations*, and a revised version of *Flower Drum Song*. His *Yellow Face* won a 2008 Obie Award and was a finalist for a Pulitzer Prize. *Understanding David Henry Hwang* is a critical study of Hwang's playwriting process as well as the role of identity in each one of Hwang's major theatrical works. A first-generation Asian American, Hwang intrinsically understands the complications surrounding the competing attractiveness of an American identity with its freedoms in contrast to the importance of a cultural and ethnic identity connected to another country's culture. William C. Boles examines Hwang's plays by exploring the perplexing struggles surrounding Asian and Asian American stereotypes, values, and identity. Boles argues that Hwang deliberately uses stereotypes in order to subvert them, while at other times he embraces the dual complexity of ethnicity when it is tied to national identity and ethnic history. In addition to the individual questions of identity as they pertain to ethnicity, Boles discusses how Hwang's plays explore identity issues of gender, religion, profession, and sexuality. The volume concludes with a treatment of Chinglish, both in the context of rising Chinese economic prominence and in the context of Hwang's previous work. Hwang has written ten short plays, including *The Dance*, and the *Railroad*, five screenplays, and many librettos for musical theater. The recipient of fellowships from the National Endowment

for the Arts and the Guggenheim and Rockefeller foundations Hwang was appointed by President Bill Clinton to the President's Committee on the Arts and the Humanities

**Microdramas** John H. Muse, 2017-10-13 In *Microdramas* John H. Muse argues that plays shorter than twenty minutes deserve sustained attention and that brevity should be considered a distinct mode of theatrical practice Focusing on artists for whom brevity became both a structural principle and a tool to investigate theater itself August Strindberg Maurice Maeterlinck F T Marinetti Samuel Beckett Suzan Lori Parks and Caryl Churchill the book explores four episodes in the history of very short theater all characterized by the self-conscious embrace of brevity The story moves from the birth of the modernist microdrama in French little theaters in the 1880s to the explicit worship of speed in Italian Futurist synthetic theater to Samuel Beckett's often misunderstood short plays and finally to a range of contemporary playwrights whose long compilations of shorts offer a new take on momentary theater Subjecting short plays to extended scrutiny upends assumptions about brief or minimal art and about theatrical experience The book shows that short performances often demand greater attention from audiences than plays that unfold more predictably *Microdramas* put pressure on preconceptions about which aspects of theater might be fundamental and about what might qualify as an event In the process they suggest answers to crucial questions about time spectatorship and significance
