The Black Belt Librarian Real World Safety Security Warren Graham:

The Black Belt Librarian Warren Graham,2012 Sharing expertise gleaned from more than two decades as a library security manager Graham demonstrates that libraries can maintain their best traditions of openness and public access by creating an unobtrusive yet effective security plan In straightforward language the author Shows how to easily set clear expectations for visitors behavior Presents guidelines for when and how to intervene when someone violates the code of conduct including tips for approaching an unruly patron Offers instruction on keeping persistent troublemakers under control or permanently barred from the library Gives library staff tools for communicating effectively with its security professionals including examples of basic documentation The Black Belt Librarian arms librarians with the confidence and know how they need to maintain a comfortable productive and safe environment for everyone in the library [The Black Belt Librarian](#) Warren Davis Graham,2012 **The Black Belt Librarian** Warren Davis Graham,2012 *Libraries and the Substance Abuse Crisis* Cindy Grove,2020-04-23 The opioid epidemic and other behavioral health issues such as alcohol and drug abuse directly impact every community across the nation and by extension public libraries daily work Because libraries are not only trusted guardians of information but also vital community centers people struggling with addictive behaviors as well as their family members and friends often turn to the library for help But many library workers feel overwhelmed finding themselves unprepared for serving these patrons in an effective and empathetic way This book encourages readers to turn their fears and uncertainty into strengths and empowerment offering to the point guidance on welcoming people with substance use disorders and their loved ones through policy materials outreach collaboration programs and services Written by a frontline librarian whose personal experiences inform the book this resource explores the library s role in the fight against addiction and how to become part of the solution by combating stigma provides background on understanding how substance abuse and related behaviors affect different age groups and populations explains how to be proactive regarding library safety and security by carefully crafting library policies and effectively communicating them to staff offers real world guidance on training library staff including pointers on recognizing observable signs of drug abuse and responding appropriately and safely to uncomfortable or potentially dangerous situations discusses safeguards such as a needle disposal unit defibrillator and Naloxone gives tips on marketing outreach and programming from putting together displays of materials and resources to partnering with local organizations and recommends useful websites documentaries and additional resources for further learning *Story Time Success* Katie Fitzgerald,2016-06-23 Story time is a popular activity in public libraries Unfortunately many librarians and not just children s librarians are thrust into the role of providing this service have not taken a course or had the necessary experience of performing story times Story times are so popular that they are now offered to children of many ages not just to preschoolers This book will help librarians who have never done story time to learn to promote plan and perform story times and will be useful to experienced librarians to build on their

story time repertoires Because story times are essential components of library service to children and in such demand in many libraries even librarians who have never done story time before are being asked to step into that role Story Time Success A Practical Guide for Librarians is comprehensive handbook which can help any librarian learn to promote plan and perform story times even with no prior training or experience Key elements include Customizable planning templates Hints for choosing appropriate books and other materials Suggestions for overcoming performance anxiety Troubleshooting for common story time problems and pitfalls Evaluation rubrics for performers and supervisors Veterans and beginners alike will find many useful pointers for establishing and improving their story time skills and repertoires

Public Law

Librarianship: Objectives, Challenges, and Solutions Selwyn, Laurie, 2012-10-31 While there are common misconceptions regarding the definition of a public law library it can be defined as a government mandated library which provides the public with access to legal resources Largely public law libraries are instituted by state or federal law Public Law Librarianship Objectives Challenges and Solutions aims to introduce firsthand knowledge on the funding organizational structures and governance related to the public law library This book includes comprehensive research for current and future public law librarians to provide administrative guidance and professional sources essential for running a public law library

Managing the One-Person Library Larry Cooperman, 2014-12-09 Managing the one person library provides a useful and needed resource for solo librarians confronted with the challenges of running a small library The author uniquely focuses on topics encountered by solo librarians such as IT troubleshooting and library security Chapters on library management collection development serials management and library marketing are included to enable solo librarians to easily manage day to day operations in these areas and advise on how to respond to any challenges that should and will arise This book will provide a much needed resource manual that will allow solo librarians of all backgrounds and paraprofessionals to manage their collections as effectively as their larger librarian counterparts Written by a librarian with extensive solo library management in the field Targeted to all types of solo librarians e g medical law academic Essential reading for paraprofessional librarians who manage one person libraries

Library Programs and Services

G. Edward Evans, Margaret Zarnosky Saponaro, Holland Christie, Carol Sinwell, 2015-06-30 Covering every essential topic ranging from circulation and literacy instruction to reference and security this benchmark text provides an up to date broadly based view of library public service and its functions Supplying essential foundational reading for students of library public services as well as an up to date overview for practitioners who wish to refresh their knowledge or acquaint themselves with a new area of responsibility this book s broad and solid coverage will benefit anyone concerned with developing or maintaining the public face of the library A revision and expansion of Libraries Unlimited s Introduction to Library Public Services Seventh Edition this edition has new chapters covering such topics as e resources collections print and other media and facilities and funding Additionally every chapter has been substantially updated and reorganized to better reflect the role of technology in

library services today The book begins with background information on public services in libraries and an analysis of the library's public service philosophy Then the authors delve into staffing and assessment of services moving logically to major functional areas of public services reference instruction document delivery circulation and reserves collections programming safety and security issues and facilities and funding Real life anecdotes from public academic and school libraries illustrate principles and concepts throughout the book For each topic the authors detail its role and philosophy and offer key points to remember references and lists for further reading

Library Programs and Services Stacey Greenwell,G. Edward

Evans,2023-06-15 The ninth edition of this popular overview of the various programs and services offered by libraries offers best practice and useful tips for implementing them effectively Building on the strong foundation of the previous editions award winning author G Edward Evans returns with a new co author Stacey Greenwell for this update that combines their signature style of textbook readability informality and sometimes humor as well as their knack for balancing foundational topics and new trends A new feature in this edition is the incorporation of the concept of library social work through Social Work Connections sidebars in each chapter Anecdotes throughout the text and Career Connections sidebars offer practical advice and specific current examples Greenwell and Evans have combined several chapters from the previous edition and expanded discussions of new trends while retaining and updating the fundamentals The ninth edition is a welcome update for library and information science courses and a valuable handbook for public services librarians *Public Library*

Administration Transformed Karen Starr,Patrick Ragains,2018-09-18 Public libraries have historically faced challenges as viable units in local government As society struggles with issues related to the scope and effectiveness of government librarians must ask How and why will communities support public libraries in the 21st century *Public Library Administration Transformed* covers public library administration in a comprehensive and detailed manner Chapters cover administrative functions of the librarypublic financeadministrative lawlibrary governancehuman resourcesleadershipstrategic planningprogram management and evaluationmarketing and public relationsintergovernmental relationscooperative government The discipline of public administration develops skills that are vital to successful libraries Grounded in the context of public administration this book provides a framework for future library services focusing on effective public sector skills organizational and service innovation information technology readers and the full range of library constituents Suitable for use in public library classes exam copies are available to qualified instructors of such courses upon request

Fundamentals of Collection Development and Management Peggy Johnson,2014-03-21 In this sweeping revision of a text that has become an authoritative standard expert instructor and librarian Peggy Johnson addresses the art of controlling and updating library collections whether located locally or accessed remotely *Libraries in the Information Age* Denise K. Fourie,Nancy E. Loe,2016-05-23 The book *Library Media Connection* cited as something all librarians need to have on their shelves is now thoroughly revised for today's 21st century library environment Covering both technology and library

practices the title has been a go to text for librarians and library school students since 2002 Since the second edition of this must have book was published in late 2009 libraries have undergone profound changes primarily linked to advances in technology We ve seen the debut of RDA the release of new Pew Research library and Internet use data and the establishment of digital repositories community MakerSpaces and community reads programs Of course libraries have also been affected by the expanding use of social media This thoroughly updated title addresses all these changes and more bringing you up to date on the monumental shifts impacting librarianship The book is designed to introduce LIS students to the profession preparing them to enter an exciting and evolving world It clarifies the changing roles and responsibilities of library professionals new paradigms for evaluating information and characteristics and functions of today s library personnel Among other subjects chapters cover preparing materials for use circulation reference services ethics in the information age Internet trends and job search basics References websites and publications at the end of every chapter point to further resources and appendices supply information such as policies the library bill of rights and the Freedom to Read statement

Handbook for Community College Librarians Michael A. Crumpton, Nora J. Bird, 2013-10-29 An in depth understanding of the complexities dynamics and emerging trends in community college libraries today Handbook for Community College Librarians covers all aspects of librarianship that apply to community colleges in a one stop reference book It provides information that enables the librarian to become more successful in the community college environment and reflects on its unique qualities identifying the specific skills required and the differences from other library settings The authors address instructional design and highlight the distinctions in the types of information literacy appropriate to the specialized curriculum and certification needs of a community college Besides being an outstanding professional development tool this handbook will also be useful to library and information science students studying service in community college libraries as a career option

Library Services for Immigrants and New Americans Jennifer Koerber, 2018-05-09 Wondering what your library can do for your community s immigrant population This book is replete with resources tips and suggestions providing valuable guidance to librarians who want to better serve this still growing part of America s population This up to date guide to developing and implementing a wide variety of services to immigrants and new Americans focuses on the practical steps of creating and promoting programs Illustrated by success stories in libraries throughout the country the book discusses both traditional ESOL and citizenship classes and transformative legal aid and workforce development programs and services in terms of size type and local political climate e g sanctuary cities at a variety of public libraries as well as in select school libraries As changes unfold in regard to how the federal government and local communities view and treat immigrants and new Americans in their midst this topic deserves a fresh take from the profession The author meets that need providing practical ideas that range from creating more accessible websites and improving wayfaring and customer service in order to overcome cultural roadblocks to dealing with backlash in communities as libraries extend outreach and partnership building

goals

Guide to Security Considerations and Practices for Rare Book, Manuscript, and Special Collection Libraries Everett C. Wilkie, 2011-09 The Guide to Security Considerations and Practices for Rare Book Manuscript and Special Collection Libraries is the first such book intended specifically to address security in special collection libraries. Containing nineteen chapters, the book covers such topics as background checks, reading room and general building design, technical processing characteristics, and methods of thieves' materials recovery after a theft, and security systems. While other topics are touched upon, the key focus of this volume is on the prevention of theft of rare materials. The work is supplemented by several appendices, one of which gives brief biographies of recent thieves and another of which publishes Allen's important Blumberg Survey, which she undertook after that thief's conviction. The text is supported by illustrations, a detailed index, and an extensive bibliography. The work compiled and edited by Everett C. Wilkie Jr. contains contributions from Anne Marie Lane, Jeffrey Marshall, Alvan Bregman, Margaret Tenney, Elaine Shiner, Richard W. Oram, Ann Hartley, Susan M. Allen, and Daniel J. Slive, all members of the ACRL Rare Books Manuscripts Section (RBMS) and experts in rare materials and the security of these materials within special collections. This work is essential reading for all those concerned with special collection security, from general library administrators to rare book librarians. c From Amazon.com

Trauma-Informed Leadership in Libraries Janet Crum, David H. Ketchum, 2025-02-10 Trauma-informed approaches to leadership seek to understand and consider an individual's holistic life experiences, particularly negative consequences of trauma, when determining how to best support and interact with them in the workplace.

Black Belt Librarians Warren Davis Graham, 2006 Sharing expertise gleaned from more than two decades as a library security manager, Graham demonstrates that libraries can maintain their best traditions of openness and public access by creating an unobtrusive yet effective security plan. In straightforward language, the author shows how to easily set clear expectations for visitors' behavior, presents guidelines for when and how to intervene when someone violates the code of conduct, including tips for approaching an unruly patron, offers instruction on keeping persistent troublemakers under control or permanently barred from the library, gives library staff tools for communicating effectively with its security professionals, including examples of basic documentation. The Black Belt Librarian arms librarians with the confidence and know-how they need to maintain a comfortable, productive, and safe environment for everyone in the library.
