Hurtin' Words Ted Ownby,2018-10-31 When Tammy Wynette sang D I V O R C E she famously said she spelled out the hurtin words to spare her child the pain of family breakup In this innovative work Ted Ownby considers how a wide range of writers thinkers activists and others defined family problems in the twentieth century American South Ownby shows that it was common for both African Americans and whites to discuss family life in terms of crisis but they reached very different conclusions about causes and solutions In the civil rights period many embraced an ideal of Christian brotherhood as a way of transcending divisions Opponents of civil rights denounced brotherhoodism as a movement that undercut parental and religious authority Others especially in the African American community rejected the idea of family crisis altogether working to redefine family adaptability as a source of strength Rather than attempting to define the experience of an archetypal southern family Ownby looks broadly at contexts such as political and religious debates about divorce and family values southern rock music autobiographies and more to reveal how people in the South used the concept of the family as a proxy for imagining a better future or happier past

Morning Star Rising Camellia Webb-Gannon,2021-06-30 That Indonesia s ongoing occupation of West Papua continues to be largely ignored by world governments is one of the great moral and political failures of our time West Papuans have struggled for more than fifty years to find a way through the long night of Indonesian colonization However united in their pursuit of merdeka freedom in its many forms what holds West Papuans together is greater than what divides them Today the Morning Star glimmers on the horizon the supreme symbol of merdeka and a cherished sign of hope for the imminent arrival of peace and justice to West Papua Morning Star Rising The Politics of Decolonization in West Papua is an ethnographically framed account of the long bitter fight for freedom that challenges the dominant international narrative that West Papuans quest for political independence is fractured and futile Camellia Webb Gannon s extensive interviews with the decolonization movement s original architects and its more recent champions shed light on complex diasporic and intergenerational politics as well as social and cultural resurgence In foregrounding West Papuans perspectives the author shows that it is the body politic s unflagging determination and hope rather than military might or influential allies that form the movement s most unifying and powerful force for independence This book examines the many intertwining strands of decolonization in Melanesia Differences in cultural performance and political diversity throughout the region are generating new fruitful trajectories Simultaneously Black and Indigenous solidarity and a shared Melanesian
