The Dynamics of Powerful Parenting Raymond Messer, 2005 *The Dynamics of Powerful Parenting* is a book about power the power held by a parent to shape the development of a child and the power of a child to either accept or reject those efforts Often when things are not working well for parents with their children they will continue doing the same things yet with ever more vigor Usually the result will be more of the same only worse A secret to understanding the dynamics of many human behaviors lies in the paradox of the Chinese Finger Puzzle aka Chinese Handcuff The Chinese finger puzzle is a tube woven from bamboo shoots that is several inches long and about the diameter of a person's fingers true to its nature the tube will narrow as its ends are pulled Thus when the tube is slipped over the ends of fingers or thumbs on opposing hands the subject's efforts to pull his or her fingers apart are met with increasing resistance from the device So it is with much of being human The thing that people wish to avoid most is the very thing that results from their efforts to do so *Dynamics* is a book written with this paradox in mind It is a book of insights about parenting that turns upside down many of the things that are currently held dear in traditional parenting efforts It is a book that downplays the use of punishment but never overlooks the need for discipline and responsibility *Dynamics* encourages parents to think about what they are doing how they are doing it and what they are experiencing as a result then provides useful tools for changing undesired outcomes It is a

book that can produce positive results that will benefit generations yet unborn

D., 2022-01-19 This book is about the world's greatest gifts Those gifts never stop giving They give meaning to our words muscle to our message and magic to our memories What are these gifts I thought you'd never ask and my answer is stories We learn through stories we laugh through stories and we live through stories Stories give our words wings and our speeches strength They help us find faith and form friends Whether an audience is young or old tough or tender friendly or frigid the eyes and ears of that audience are earned best by stories Stories are the part of life that sticks to our ribs They are the spaghetti and meatballs of our Sunday night supper Stories can help us relive life revive life review life and renew life They can even help us expand life and explain life What more does a story do This book will tell you This book will show you *The Authorship of Place* Dennis Lo, 2020-09-14 *The Authorship of Place* is the first monograph dedicated to the study of the politics history aesthetics and practices of location shooting for Taiwanese Mainland Chinese and coproduced art cinemas shot in rural communities since the late 1970s Dennis Lo argues that rural location shooting beyond serving aesthetic and technical needs constitutes practices of cultural survival in a region beset with disruptive and disorienting social changes including rapid urbanization geopolitical shifts and ecological crises In response to these social changes auteurs like Hou Xiaoxian Jia Zhangke Chen Kaige and Li Xing engaged in location shooting to transform sites of film production into symbolically meaningful places of collective memories and aspirations These production practices

ultimately enabled auteurs to experiment with imagining Taiwanese Mainland Chinese and cross strait communities in novel and contentious ways Deftly guiding readers on a cross strait tour of prominent shooting locations for the New Chinese Cinemas this book shows how auteurs sought out their disappearing cultural heritage by reenacting lived experiences of nation building homecoming and cultural salvage while shooting on location This was an especially daunting task when auteurs encountered the shooting locations as spaces of unresolved historical social and geopolitical contestations tensions which were only intensified by the impact of filmmaking on rural communities This book demonstrates how these complex circumstances surrounding location shooting were pivotal in shaping both representations of the rural on screen as well as the production communities institutions and industries off screen Informed by cutting edge perspectives in cultural geography and media anthropology The Authorship of Place both revises Chinese language film history and theorizes groundbreaking approaches for investigating the cultural politics of film authorship and production This extraordinary book discusses the uses of location shooting in films by contemporary Taiwanese and Mainland Chinese directors ranging from Li Xing to Jia Zhangke It highlights the ways in which place memory and identity stances respond to social changes and geopolitical disparities In a world full of uncertainty the argument about the imaginary homeland as an experienced cinematic reality only renders it more urgent and universally relatable Ping hui Liao University of California San Diego The Authorship of Place is certainly a welcome intervention into the study of Chinese cinemas and their auteurs that further contributes to the wider study of location shooting as well as cultural geographies and place based imaginaries of film It is rare to find a book dealing with space place in and around cinema that is this inventive and nuanced in its methodologies Stephanie DeBoer Indiana University Journal of the Switchmen's Union Switchmen's Union of North America,1918

Daddy: Reflections of Father-Daughter Relationships K E Garland, 2018-04-30 A father s presence is important in a daughter s life He is the first man a little girl sees and knows He demonstrates how men relate to women But what happens when the father daughter relationship is dysfunctional Daddy answers that question Included are fourteen memoirs that describe the impact a failed father daughter relationship can have These women share essays and narratives that detail various stages of breakdown Whether an event occurred in childhood adolescence or adulthood each story explains how their father s physical emotional or psychological abandonment has affected them The book is separated into two parts Part I shows the proverbial truth in the phrase hurt people hurt people While some stories confirm why or how men mistreat their daughters others show how daughters sometimes internalize neglect and continue the cycle either with the relationship they have with themselves or others Part II illustrates how compassion can lead towards a path of inner peace and happiness no matter the state of the relationship
