The Bridge Of The Golden Horn:

The Bridge of the Golden Horn Emine Sevgi Özdamar, 2007 The Bridge of the Golden Horn is a coming of age novel a sentimental education that is also a political cultural and intellectual one In 1966 at the age of 16 the unnamed heroine lies about her age and signs up as a migrant worker in Germany She leaves Istanbul works on an assembly line in West Berlin making radios and lives in a women s factory hostel But Özdamar s novel is not about the problems of assembly line work it s a witty picaresque account of a precocious teenager refusing to become wise of a hectic four years lived between Berlin and Istanbul of a young woman who is obsessed by theatre film poetry and left wing politics These are sometimes grim years particularly in Turkey but they also have a hope and optimism that seem almost unimaginable today *The Golden Horn* Poul Anderson, 2015-12-08 From an award winning author A novel of the fierce Norse warrior who would become the lusty and powerful Viking king Harald Hardreде At seventeen Harald Sigurdharson one day to be called Hardreде tastes the bitter nectar of blood and battle for the first time and from that day forward he will forever crave the intoxicating brew of war Though he knows it is his destiny to conquer and to rule he is still young and the throne he covets is beyond his grasp In the meantime the wide world beckons Setting out from Norway after a great series of mercenary adventures in Sweden and Russia the now towering seven foot tall Harald arrives at Constantinople on the Golden Horn In the heart of an empire choking on its own intrigues and excesses as a member of the Varangian Guard the foreign warriors entrusted with the safety of the Byzantine emperor and a tireless suitor to an enticing beauty from a powerful clan Harald carves out his legend in flesh bone and blood But his true path stretches to the other side of the world for he must ultimately return to Norway his homeland to claim his royal birthright A winner of multiple awards including the Hugo and Nebula author Poul Anderson begins an epic trilogy of historical fiction with this novel bringing to life the eleventh century conqueror who was known as the last Viking *The Bridge* Geert Mak, 2008 Istanbul s Galata Bridge has spanned the Golden Horn since the sixth century AD connecting the old city with the more Western districts to the north But the bridge is a city in itself peopled by merchants and petty thieves tourists and fishermen and at the same time a microcosmic reflection of Turkey as the link between Asia and Europe Geert Mak introduces us to the woman who sells lottery tickets the cigarette vendors and the best pickpockets in Europe He tells us about the pride of the cobbler and the tea seller s homesickness And he describes the role of honor in Turkish culture the temptations of fundamentalism and violence and the urge to survive even in the face of despair These stories of the bridge s denizens are interwoven with vignettes illuminating moments in the history of Istanbul and Turkey and shedding light on Turkey s relationship with Europe and the West the Armenian question the migration from the Turkish countryside to the city and the demise of the Ottoman Empire **Writing-between-Worlds** Ottmar Ette, 2016-02-22 This book proposes that there is no better no more complex way to access a community a society an era and its cultures than through literature For millennia literature from a wide variety of geocultural areas has gathered knowledge about life about

survival and about living together without either falling into discursive or disciplinary specializations or functioning as a regulatory mechanism for cultural knowledge Literature is able to offer its readers knowledge through direct participation in the form of step by step intellectual and affective experiences Through this ability it can reach and affect audiences across great spatial and temporal distances Literature what different times and cultures have been able to understand as such in a broad sense has always been characterized by its transareal and transcultural origins and effects It is the product of many logics and it teaches us to think polylogically rather than monologically Literature is an experiment in living and living in a state of experimentation About the author Ottmar Ette has been Chair of Romance Literature at the University of Potsdam Germany since 1995 He is Honorary Member of the Modern Language Association of America MLA elected in 2014 member of the Berlin Brandenburg Academy of Sciences and Humanities elected in 2013 and regular member of the Academia Europaea since 2010
