give birth freely to the Christ In this book unique in the Russian Orthodox literature the great theologian Sergius Bulgakov illuminates various aspects of the Church's veneration of the Mother of God Like all of Bulgakov's devotional books this is not a work of abstract theologizing but a work of prayer opening up a vision of the mystical reality that forms the foundation of our relations to the Ever Virgin and her relation to us Thomas Allan Smith's translation is superb and in his first rate introduction he does an excellent job of elucidating Bulgakov's sophiological approach Boris Jakim Thomas Allan Smith and Eerdmans deserve an immense debt of gratitude for providing a long awaited English translation of this pivotal work of the leading Russian Orthodox theologian of the twentieth century Even more Smith's translation is careful nuanced and yet preeminently readable Western Christians and non Christians alike often see Orthodoxy as a fascinating exotic and mysterious form of Christianity The Burning Bush in Smith's translation helps the reader recognize both Orthodoxy's inner coherence and rationality and its rootedness in a profoundly sublime appreciation of creation s beauty and magnificence Smith s list of Bulgakov s sources is a simple yet indispensable tool for the scholarly reader This translation will serve us all well for decades to come Myroslaw Tataryn Life and Works of Robert Burns. the blaze As soon as Napoleon and his Grand Army entered Moscow on 14 September 1812 the capital erupted in flames that eventually engulfed and destroyed two thirds of the city The fiery devastation had a profound effect on the Grand Army but for thirty five days Napoleon stayed making increasingly desperate efforts to achieve peace with Russia Then in October almost surrounded by the Russians and with winter fast approaching he abandoned the capital and embarked on the long bitter retreat that destroyed his army The month long stay in Moscow was a pivotal moment in the war of 1812 the moment when the initiative swung towards the Tsar's armies and spelled doom for the invading Grand Army yet it has rarely been studied in the same depth as the other key events of the campaign Alexander Mikaberidze in this third volume of his in depth reassessment of the war between the French and Russian empires emphasizes the importance of the Moscow fire and shows how Russian intransigence sealed the fate of the French army He uses a vast array of French German Polish and Russian memoirs letters and diaries as well as archival material in order to tell the dramatic story of the Moscow fire Not only does he provide a comprehensive account of events looking at them from both the French and Russian points of view but he explores the Russians motives for leaving then burning their capital Using extensive eyewitness accounts he paints a vivid picture of the harsh reality of life in the remains of the occupied city and describes military operations around Moscow at this turning point in the campaign Praise for The Burning of Moscow Important Fascinating A book that you must read The Napoleonic Historical Society Although authored by an academic this book is written in an easy to read style without recourse to the overly academic language that can so often bore the reader Overall this title wholeheartedly deserves a five out of five star rating and should occupy a space in the library of anyone interested in the Napoleonic Wars Mark Simner author of The Lion and the Dragon The Burning Bush Vladimir Solovyov, 2016-08-21 Vladimir Solovyov one of nineteenth century Russia s greatest Christian philosophers was renowned as the leading defender of Jewish civil rights in tsarist Russia in the 1880s The Burning Bush Writings on Jews and Judaism presents an annotated translation of Solovyov s complete oeuvre on the Jewish question elucidating his terminology and identifying his references to persons places and texts especially from biblical and rabbinic writings Many texts are provided in English translation by Gregory Yuri Glazov for the first time including Solovyov s obituary for Joseph Rabinovitch a pioneer of modern Messianic Judaism and his letter in the London Times of 1890 advocating for greater Jewish civil rights in Russia printed alongside a similar petition by Cardinal Manning Glazov s introduction presents a summary of Solovyov s life explains how the texts in this collection were chosen and provides a survey of Russian Jewish history to help the reader understand the context and evaluate the significance of Solovyov s work In his extensive commentary in Part II which draws on key memoirs from family and friends Glazov paints a rich portrait of Solovyov s encounters with Jews and Judaism and of the religious philosophical ideas that he both brought to and derived from those encounters The Burning Bush explains why Jews posthumously accorded Solovyov the accolade of a righteous gentile and why his ecumenical hopes and struggles to reconcile Judaism and Christianity and persuade secular
