*The Calcutta Chromosome* Amitav Ghosh, 2011-04-19 From Victorian India to near future New York *The Calcutta Chromosome* takes readers on a wondrous journey through time as a computer programmer trapped in a mind numbing job hits upon a curious item that will forever change his life When Antar discovers the battered I D card of a long lost acquaintance he is suddenly drawn into a spellbinding adventure across centuries and around the globe into the strange life of L Murugan a man obsessed with the medical history of malaria and into a magnificently complex world where conspiracy hangs in the air like mosquitoes on a summer night *Indian English Literature* Gajendra Kumar, 2001 *The Calcutta Chromosome* Amitav Ghosh, 1996 This novel has been described as a kind of mystery thriller India Today It brings together three searches the first is that of an Egyptian clerk Antar working alone in a New York apartment in the early years of the twenty first century to trace the adventures of L Murugan who disappeared in Calcutta in 1995 the second pertains to Murugan s obsession with the missing links in the history of malaria research the third search is that of Urmila Roy a journalist in Calcutta in 1995 who is researching the works of Phulboni a writer who produced a strange cycle of Lakhan stories that he wrote in the 1930s but suppressed thereafter *The Shadow Lines* Penguin Premium Classic Edition Amitava Ghosh, 2023-03-20 As a young boy Amitav Ghosh s narrator travels across time through the tales of those around him traversing through unreliable planes of memory unmindful of physical political and chronological borders But as he grows older he is haunted by a seemingly random act of violence Bits and pieces of stories both half remembered and imagined come together in his mind until he arrives at an intricate interconnected picture of the world where borders and boundaries mean nothing mere shadow lines that we draw dividing people and nations Out of a complex web of memories relationships and images Amitav Ghosh builds an intensely vivid funny and moving story Exposing the idea of the nation state as an illusion an arbitrary dissection of people Ghosh depicts the absurd manner in which your home can suddenly become your enemy

*Imperial Pharmakon* Sandhya Shetty, 2025-09-26 In *Imperial Pharmakon* Sandhya Shetty tells a story of western medicine in colonial India that is multi sided full of surprises and unexpected detours Highlighting side effects and complications she nuances the conventional narrative that medicine in colonial places was consistently oppressive and evenly commanding or unrelievedly prosaic in its articulations Bringing into focus its official and informal entanglement in projects of colonial poesis the book explicates medicine s grand rhetoric sluggish humors and often violent administrative argot on one hand and its seductive address its creation of new desires and proximities and its allyship with endeavors beyond its remit on the other This examination of medicine s reversible moods is anchored in British India a colony that had the longest exposure to imperial rule and administration India offers a unique set of historical materials that permits Shetty s long and wide view of her subject While a transimperial lens articulates colonial and metropolitan medical history making the networked relationality of medicine newly visible and meaningful the book s longue dur e approach illumines broad shifts that develop

and disclose themselves over time The singularity of the British Indian case also prompts this study's reimagining of geographies actors and issues deemed relevant in established scholarship on colonial medicine and studies of literature and medicine Imperial Pharmakon de provincializes the latter and deepens the former by rendering the colonial medical past in a different key Insisting on the analytic salience of literary and post colonial forms of knowing this book also brings a fresh ecological perspective to its reading Moving across individual and collective scales and human nonhuman divides Shetty offers granular readings of historical events and figures simultaneously keeping an eye on perimedical figures the animal unacknowledged connections America and structuring concepts friend enemy that take us beyond colonial medicine proper yet reveal themselves to be elements of its ecological unconscious its thanatopolitical grammar or its primordial capacity for hospitality

**American Fiction of the 1990s** Jay Prosser, 2016-04-01 American Fiction of the 1990s Reflections of History and Culture brings together essays from international experts to examine one of the most vital and energized decades in American literature This volume reads the rich body of 1990s American fiction in the context of key cultural concerns of the period The issues that the contributors identify as especially productive include Immigration and America's geographical borders particularly those with Latin America Racial tensions race relations and racial exchanges Historical memory and the recording of history Sex scandal and the politicization of sexuality Postmodern technologies terrorism and paranoia American Fiction of the 1990s examines texts by established authors such as Don DeLillo Toni Morrison Philip Roth and Thomas Pynchon who write some of their most ambitious work in the period but also by emergent writers such as Sherman Alexie Chang Rae Lee E Annie Proulx David Foster Wallace and Jonathan Franzen Offering new insight into both the literature and the culture of the period as well as the interaction between the two in a way that furthers the New American Studies this volume will be essential reading for students and lecturers of American literature and culture and late twentieth century fiction Contributors include Timothy Aubry Alex Blazer Kasia Boddy Stephen J Burn Andrew Dix Brian Jarvis Suzanne W Jones Peter Knight A Robert Lee Stacey Olster Derek Parker Royal Krishna Sen Zoe Trodd Andrew Warnes and Nahem Yousaf

**Detective Fiction in a Postcolonial and Transnational World** Nels Pearson, 2016-04-22 Taking up a neglected area in the study of the crime novel this collection investigates the growing number of writers who adapt conventions of detective fiction to expose problems of law ethics and truth that arise in postcolonial and transnational communities While detective fiction has been linked to imperialism and constructions of race from its earliest origins recent developments signal the evolution of the genre into a potent framework for narrating the complexities of identity citizenship and justice in a postcolonial world Among the authors considered are Vikram Chandra Gabriel Garc a M rquez Michael Ondaatje Patrick Chamoiseau Mario Vargas Llosa Suki Kim and Walter Mosley The essays explore detective stories set in Latin America the Caribbean India and North America including novels that view the American metropolis from the point of view of Asian American African American or Latino characters Offering ten new and original essays by scholars in the field this volume

highlights the diverse employment of detective fictions internationally and uncovers important political and historical subtexts of popular crime novels

**Science Fiction in India**, 2022-05-30 Shortlisted for the British Society for Literature and Science BSLS Book Prize 2023 Nominated 2023 Teaching Literature Book Award Indian Science Fiction has evolved over the years and can be seen making a mark for itself on the global scene Dalit speculative fiction writer and editor Mimi Mondal is the first SF writer from India to have been nominated for the prestigious Hugo award In fact Indian SF addresses themes such as global climate change Debates around G C C are not just limited to science fiction but also permeate in critical discussions on SF This volume seeks to examine the different ways by which Indian SF narratives construct possible national futures For this looking forward necessarily germinates from the current positional concerns of the nation While some work has been done on Indian SF there is still a perceptible lack of an academic rigor invested into the genre primarily perhaps because of not only its relative unpopularity in India but also its employment of futuristic sights Towards the same among other things it proposes to study the growth and evolution of science fiction in India as a literary genre which accommodates the duality of the national consciousness as it simultaneously gazes ahead towards the future and glances back at the past In other words the book will explore how the tensions generated by the seemingly conflicting forces of tradition and modernity within the Indian historical landscape are realized through characteristic tropes of SF storytelling It also intends to look at the interplay between the spatio temporal coordinates of the nation and the SF narratives produced within to see firstly how one bears upon the other and secondly how processes of governance find relational structures with such narratives Through these the volume wishes to interrogate how postcolonial futures promise to articulate a more representative and nuanced picture of a contemporary reality that is rooted in a distinct cultural and colonial past

***Challenging Euro-America's Politics of Identity*** Jorge Luis Andrade Fernandes, 2008-01-07 In this fascinating book Jorge Luis Andrade Fernandes critically examines the impact of colonialism and postcolonial migration on the politics and identity of Euro American imperial powers It considers how outsiders are part of the construction of the native identity of the nation state and also how they challenge its essential coherence when they return to the centre in our increasingly globalized world Engaging in a theoretically motivated discussion of a range of sources film fiction political theory and state policy the volume traces the nomadic movement of bodies across national frontiers helping us to question any natural link between nation states and identities and between places and peoples This is not merely a theoretical problem as Fernandes relates it to the very current crisis of nativistic multicultural identity in the West He examines how politics takes shape in transnational social and cultural encounters and how this new politics is not just about containing aliens but also contains fruitful possibilities for different modes of being Challenging Euro America s Politics of Identity will be of interest to advanced students and scholars in politics geography postcolonial studies cultural studies African and African American studies comparative literature American studies and Ethnic studies
