 Zhang,2020-10-26 This book presents the development and reformation of economic law in China and explores the three  
 relationships between the government and market between reform and rule of law and between the constitution and  
 economic law On this basis it subsequently focuses on development theory distribution theory risk theory and crisis theory  
 Further it addresses effective development fair distribution and prevention and resolution of related risks and crises which  
 are important functions of economic law In order to achieve the above functions and objectives the book argues we must  
 vigorously promote the integration of rule of law in economic law and constantly refine the theory of economic rule of law  
 employed in China The book demonstrates that no matter how the three major relationships are adjusted or the relevant  
 systems are reformed i e regarding the implementation of the concept of coordinated development or the optimization of  
 economic structures the solution of distribution problems or the improvement of distribution systems the prevention of risks  
 or the response to crises any such changes depend on economic rule of law The above mentioned theoretical discussion  
 presents a new horizon of contemporary Chinese economic law theory which will be of great value to the future development  
 of economic law theory **Letter from the Secretary of the Treasury, Transmitting His Annual Report on the State**
