**The Ultimate Guide to Vinyl and More** Dave Thompson, 2024-03-26. An in-depth and comprehensive guide to the history of music collecting. The Ultimate Guide to Vinyl and More traces the hobby from its beginnings over a century ago. The book features informative and entertaining sections on every significant format in which recorded music has been released, and some that are now almost completely forgotten. Based on Dave Thompson's original Backbeat classic *The Music Lover's Guide to Record Collecting*, this revamped, colorful, expanded edition takes readers from the early days of cylinders, 78s, and Edison records on through 45s, LPs, 8 tracks, cassettes, bootlegs, CDs, MiniDiscs, MP3s, LPs, and other formats. Landmark labels, collectable artists, specialist themes, and more are explored across a series of essays, while dozens of color images bring the most obscure corners of the hobby to life. Unlike other volumes that focus exclusively on vinyl, this book caters to the audiophile whose obsession for music welcomes all formats. Through it all, the joy and fascination of music collecting in all its guises comes alive.

*ON THE RECORDS* Graham Sharpe, 2024-12-24. Graham Sharpe's vinyl love affair began in the 1960s, and since then he has amassed over 3,000 LPs and spent countless hours visiting record shops worldwide, along with record fairs, car boot sales, online, and real-life auctions. After leaving his job at William Hill, his retirement dream was to visit every surviving second-hand record shop across the world. Vinyl Countdown followed his journey to over a hundred shops across the globe, and the adventures he accrued along the way from Amsterdam and Angus to Bedfordshire and Budapest, Tennessee, and Wellington. Now *ON THE RECORDS: Notes from the Vinyl Revival* explores the impact of recent global events on the record industry and considers the reasons why vinyl remains a beloved and booming format. Far from being yesterday's fading, forgotten format, vinyl records have survived and flourished as the music medium of choice for not only baby boomers but all ages. Every record a collector acquires comes with a story of its own, and the recent Covid-19 lockdowns prompted many vinylholics, including Sharpe, to look more closely at their reasons for collecting, take stock of existing collections, and rediscover old favourites. *ON THE RECORDS: Notes from the Vinyl Revival* includes interviews and contributions from voices across the record industry: shop owners, record company insiders, online postal sellers, auction organisers, market traders, vinyl amateur collectors who share their stories with candour, warmth, and humour. A mesmerising blend of memoir, travel, music, and social history that will appeal to anyone who vividly recalls the first LP they bought, and any music fan who derives pleasure from the capacity that records have for transporting you back in time.
