The Journal of Educational Method James Fleming Hosic,1924 **Journal of Educational Method** ,1924 **Scientific and Technical Aerospace Reports** ,1992 **The Insurance Press** ,1925 Creative Morality Don MacNiven,2023-04-21 Creative Morality is a philosophical study of moral dilemmas Western moral thought has relied on two basic ethical perspectives Utilitarianism and Kantianism to resolve dilemmas MacNiven argues that no real progress can be made with modern moral problems unless these traditions are coherently synthesised The book deals with diverse topics such as academic honesty medical confidentiality terrorism and euthanasia and the hypothetical dilemmas used are based on real life situations so that theory might be tested against reality Yet the solutions are not definitive because as MacNiven demonstrates creativity is an intrinsic characteristic of moral thought

Journal of Health, Physical Education, Recreation ,1963 **The Oxford Handbook of the Sociology of Religion** Peter Clarke,2011-02-04 The Oxford Handbook of the Sociology of Religion draws on the expertise of an international team of scholars providing both an entry point into the sociological study and understanding of religion and an in depth survey into its changing forms and content in the contemporary world The role and impact of religion and

spirituality on the politics culture education and health in the modern world is rigorously discussed and debated The study of the sociology of religion forges interdisciplinary links to explore aspects of continuity and change in the contemporary interface between society and religion Using a combination of theoretical methodological and content led approaches the fifty seven contributors collectively emphasise the complex relationships between religion and aspects of life from scientific research to law ecology to art music to cognitive science crime to institutional health care and more The developing character of religion irreligion and atheism and the impact of religious diversity on social cohesion are explored An overview of current scholarship in the field is provided in each themed chapter with an emphasis on encouraging new thinking and reflection on familiar and emergent themes to stimulate further debate and scholarship The resulting essay collection provides an invaluable resource for research and teaching in this diverse discipline Discourse, Vision, and Cognition Jana Holáňová, 2008 While there is a growing body of psycholinguistic experimental research on mappings between language and vision on a word and sentence level there are almost no studies on how speakers perceive conceptualise and spontaneously describe a complex visual scene on higher levels of discourse This book explores the relationship between language eye movements and cognition and brings together discourse analysis with cognitively oriented behavioral research Based on the analysis of data drawn from spoken descriptive discourse spontaneous conversation and experimental investigations this work offers a comprehensive picture of the dynamic natures of language vision and mental imagery Verbal and visual data synchronised and correlated by means of a multimodal scoring method are used as two windows to the mind to show how language and vision in concert can elucidate covert mental processes **Austrian Information**, 1978 *The Spirit of Atonement* Steven M. Studebaker, 2021-01-14 Steven M Studebaker proposes a Pentecostal approach to a major Christian doctrine the atonement The book moves Pentecostal theology of the atonement from a primarily Christocentric and crucicentric register to one that articulates the pneumatological and holistic nature of Pentecostal praxis Studebaker examines the irony of Classical Pentecostalism relying on the Christocentrism of Protestantism evangelical atonement theology to articulate its experience of the Holy Spirit as well as the Pneumatological nature of Pentecostal praxis He then develops a Pentecostal theology of atonement based on the biblical narrative of the Spirit of Pentecost and returns to re imagine an expanded vision of Pentecostal praxis based on the theological formation of the biblical narrative The result is a Pentecostal atonement theology that shows the integrated nature of pneumatology creation and Christology in the biblical narrative of redemption It gives theological expression to not only the pneumatological nature of Pentecostal praxis but also the fundamental role of the Holy Spirit in the biblical narrative of redemption The book challenges popular western atonement theologies to re think their Christocentrism and crucicentrism as well as their atomistic tendency to separate soteriology into objective Christological and subjective pneumatological categories **Songs of Profit, Songs of Loss** Daniel Scott Souleles, 2019-06-01 Since the early 1980s private equity investors have heralded and shepherded massive

changes in American capitalism From outsourcing to excessive debt taking private equity investment helped normalize once taboo business strategies while growing into an over 3 trillion industry in control of thousands of companies and millions of workers Daniel Scott Souleles opens a window into the rarefied world of private equity investing through ethnographic fieldwork on private equity financiers *Songs of Profit Songs of Loss* documents how and why investors buy manage and sell the companies that they do presents the ins and outs of private equity deals management and valuation and explains the historical context that gave rise to private equity and other forms of investor led capitalism In addition to providing invaluable ethnographic insight *Songs of Profit Songs of Loss* is also an anthropological study of inequality as Souleles connects the core components of financial capitalism to economic disparities Souleles uses local ideas of value and time to frame the ways private equity investors comprehend their work and to show how they justify the prosperity and poverty they create Throughout Souleles argues that understanding private equity investors as contrasted with others in society writ large is essential to fully understanding private equity within the larger context of capitalism in the United States Camera Craft,1924 *General Technical Report PSW.*,1978 *Billboard*,1994-11-26 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

The Science of Basic L-Rod Dowsing Richard Warburton,2025-02-14 Dowsing has been a known practice for at least 500 years with some evidence suggesting it may have been used for millennia Historically dowsers used a forked Y shaped stick following the movement toward the presence of water minerals or other objects located beneath the ground Today the most common tool used is a wire bent into the shape of an L leading to the term L rod dowsing Only a few of dowsing's many forms appear to have a clear physical basis such that some physical phenomenon in the environment causes a physiological response in the body Despite the many studies performed in the past none have resulted in a comprehensive testable explanation for how dowsing works This book reviews and critiques some of the common explanations for L rod field dowsing describes an investigation into various aspects of L rod dowsing and proposes a mechanism which explains the physical observations Building on the prior scientific studies it presents a theory based on well known scientific principles for the physical component of dowsing *The British Library General Catalogue of Printed Books to 1975* British Library (London),Jim Emmett,1979
