BBQ Sauce Reviews Inventing Authenticity Carrie Helms Tippen,2018-08-12 In Inventing Authenticity Carrie Helms Tippen examines the rhetorical power of storytelling in cookbooks to fortify notions of southernness Tippen brings to the table her ongoing hunt for recipe cards and evaluates a wealth of cookbooks with titles like Y all Come Over and Bless Your Heart and famous cookbooks such as Sean Brock s Heritage and Edward Lee s Smoke and Pickles She examines her own southern history grounding it all in a thorough understanding of the relevant literature The result is a deft and entertaining dive into the territory of southern cuisine black eyed peas and cornbread fried chicken and fried okra pound cake and peach cobbler and a look at and beyond southern food tropes that reveals much about tradition identity and the yearning for authenticity Tippen discusses the act of cooking as a way to perform and therefore reinforce the identity associated with a recipe and the complexities inherent in attempts to portray the foodways of a region marked by a sometimes distasteful history Inventing Authenticity meets this challenge head on delving into problems of cultural appropriation and representations of race thorny questions about authorship and more The commonplace but deceptively complex southern cookbook can sustain our sense of where we come from and who we are or who we think we are

What Caesar Did for My Salad Albert Jack,2011-09-06 Did you know the term hot dog is believed to have been coined during a baseball game between the Yankees and the Giants in 1901 calzones get their name from their less than glamorous looks

calzone means trouser leg or drooping sack in Italian the word salary comes from Roman soldiers being paid their wages in salt shrimp cocktail became popular in the 1920s as a safe way of having a cocktail during Prohibition the Cobb salad was invented by Robert H Cobb founder of the Brown Derby restaurant chains who threw the salad together for Sidney Grauman owner of the Chinese Theatre in Hollywood as a midnight snack based on ingredients in his refrigerator In What Caesar Did For My Salad historian Albert Jack offers a fascinating look at the unexpected stories creators and bizarre origins behind the world's most beloved dishes Who was Margherita for instance and why was the world's most famous pizza named after her Why do we call our favorite kinds of coffee espresso or cappuccino Did medieval Turkish soldiers really invent the kebab by threading bits of meat on to their swords and balancing them on top of their campfires What exactly does horseradish sauce have to do with our equine friends From your morning eggs to America's favorite pies fries and martinis you'll never look at your kitchen pantry or refrigerator in the same light again

Smith,2013-10-28 This three volume encyclopedia on the history of American food and beverages serves as an ideal companion resource for social studies and American history courses covering topics ranging from early American Indian foods to mandatory nutrition information at fast food restaurants The expression you are what you eat certainly applies to Americans not just in terms of our physical health but also in the myriad ways that our taste preferences eating habits and food culture are intrinsically tied to our society and history This standout reference work comprises two volumes containing more than 600 alphabetically arranged historical entries on American foods and beverages as well as dozens of historical recipes for traditional American foods and a third volume of more than 120 primary source documents Never before has there been a reference work that coalesces this diverse range of information into a single set The entries in this set provide information that will transform any American history research project into an engaging learning experience Examples include explanations of how tuna fish became a staple food product for Americans how the canning industry emerged from the Civil War the difference between Americans and people of other countries in terms of what percentage of their income is spent on food and beverages and how taxation on beverages like tea rum and whisky set off important political rebellions in U S history **Cooking in America, 1840-1945** Alice L. McLean,2006-08-30 This cookbook covers the years 1840 through 1945 a time during which American cookery underwent a full scale revolution Gas and electric stoves replaced hearth cookery Milk products came from commercial dairy farms rather than the family cow Daily meals were no longer bound by seasons and regions as canned bottled and eventually frozen products flooded the

market and trains began to transport produce and meat from one end of the country to the other During two World Wars and the Great Depression women entered the work force in unprecedented numbers and household servants abandoned low paying domestic jobs to work in factories As a result of these monumental changes American home cooking became irrevocably simplified and cookery skills geared more toward juggling time to comb grocery store shelves for the best and most economical products than toward butchering and preserving an entire animal carcass or pickling fruits and vegetables This cookbook reflects these changes with each of the three chapters capturing the home cooking that typified the era The first chapter covers the pre industrial period 1840 to 1875 during this time home cooks knew how to broil roast grill fry and boil on an open hearth flame and its embers without getting severely injured They also handled whole sheep carcasses made gelatin from boiled pigs trotters grew their own yeast and prepared their own preserves The second chapter covers 1876 through 1910 a time when rapid urbanization transformed the United States from an agrarian society into an industrial giant giving rise to food corporations such as Armour Swift Campbell s Heinz and Pillsbury The mass production and mass marketing of commercial foods began to transform home cooking meat could be purchased from a local butcher or grocery store and commercial gelatin became widely available While many cooks still made their own pickles and preserves commercial varieties multiplied From 1910 to 1945 the period covered by Chapter 3 the home cook became a full fledged consumer and the national food supply became standardized to a large extent As the industrialization of the American food supply progressed commercially produced breads pastries sauces pickles and preserves began to take over kitchen cupboards and undermine the home cooks ability to produce their own meals from scratch The recipes have been culled from some of the most popular commercial and community cookbooks of the nineteenth and early twentieth centuries Taken together the more than 300 recipes reflect the major cookbook trends of the era Suggested menus are provided for replicating entire meals
