Vv., 2015-09-17T00:00:00+02:00 The volume The Italian Method of la drammatica its Legacy and Reception includes the long and complex investigation to identify the Italian acting code system of the drammatica used by nineteenth century Italian actors such as Adelaide Ristori Giovanni Grasso Tommaso Salvini Eleonora Duse In particular their acting inspired Stanislavsky who reformed twentieth century stage The declamatory code of the drammatica was composed by symbols for notation of voice and gesture which Italian actors marked in their prompt books The discovery of the drammatica's code sheds new light on nineteenth century acting Having deciphered the phonetic symbols of the code Anna Sica has given birth an investigation with a group of outstanding scholars in an attempt to explore the drammatica's legacy and its reception in Europe as well as in Asia At this stage new evidence has emerged proving that for instance the symbol used by the drammatica actors to sign the colorito vocale was known to English actors in the second half of the nineteenth century By noting how Adelaide Ristori passed on her art to Irving's actress Genevieve Ward and how Stanislavsky almost aflame moulded his system from Duse's acting an unexplored variety in the reception of the drammatica's legacy is revealed

Serial Revolutions 1848 Clare Pettitt, 2022-02-10 1848 was a pivotal moment not only in Europe but in much of the rest of

the world too Marx's scornful dismissal of the revolutions created a historiography for 1848 that has persisted for more than 150 years. Serial Revolutions 1848 shows how far from being the failure that Karl Marx claimed them to be the revolutions of 1848 were a powerful response to the political failure of governments across Europe to care for their people. Crucially this revolutionary response was the result of new forms of representation and mediation until the ragged and the angry could see themselves represented and represented as a serial phenomenon such a political consciousness was impossible. By the 1840s the developments in printing transport and distribution discussed in Clare Pettitt's *Serial Forms: The Unfinished Project of Modernity 1815-1848* (Oxford University Press, 2020) had made the social visible in an unprecedented way. This print revolution led to a series of real and bloody revolutions in the streets of European cities. The revolutionaries of 1848 had the temerity to imagine universal human rights and a world in which everyone could live without fear, hunger or humiliation. If looked at like this the events of 1848 do not seem such poor incidents as Marx described them nor such an embarrassing failure after all. Returning to 1848 we can choose to look back on that springtime of the peoples as a moment of tragicomic failure obliterated by the brutalities that followed or we can look again and see it as a prophetic moment of stored potential, an extraordinary series of events that generated long distance and sustainable ideas about global citizenship, international cooperation and a shared and common humanity which have not yet been fully understood or realised.

Encyclopedia of Italian Literary Studies Gaetana Marrone, Paolo Puppa, 2006-12-26. The *Encyclopedia of Italian Literary Studies* is a two volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works from the most important figures of Italian literature to little known authors and works that are influential to the field. The *Encyclopedia* is distinguished by substantial articles on critical themes, genres, schools, historical surveys and other topics related to the overall subject of Italian literary studies. The *Encyclopedia* also includes writers and subjects of contemporary interest such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading and in the case of entries on individuals a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

The Oxford Guide to Literature in English Translation Peter France, 2000. Translation has been a crucial process in world culture over the past two millennia and more. In the English speaking cultures many of the most important texts are translations from Homer to Beckett, the Bible to Freud. Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English. Written by eminent scholars from many countries the *Oxford Guide to Literature in English Translation* meets this need and will be essential reading for all students of English and comparative literature. It highlights the place of translation in our culture, encouraging awareness of the issues raised, making the translator more visible. Concentrating on major writers

and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil s Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators
