Who Wrote the Bible? Richard Friedman, 2019-01-15 A much anticipated reissue of *Who Wrote the Bible* the contemporary classic the New York Times Book Review called a thought provoking and perceptive guide that identifies the individual writers of the Pentateuch and explains what they can teach us about the origins of the Bible For thousands of years the prophet Moses was regarded as the sole author of the first five books of the Bible known as the Pentateuch According to tradition Moses was divinely directed to write down foundational events in the history of the world the creation of humans the worldwide flood the laws as they were handed down at Mt Sinai and the cycle of Israel s enslavement and liberation from Egypt However these stories and their frequent discrepancies provoke questions why does the first chapter in Genesis say that man and woman were made in God s image while the second says that woman was made from man s rib Why does one account of the flood say it lasted forty days while another records no less than one hundred And why do some stories reflect the history of southern Judah while others seem sourced from northern Israel Originally published in 1987 Richard Friedman s *Who Wrote the Bible* joins a host of modern scholars who show that the Pentateuch was written by at least four distinct voices separated by borders political alliances and particular moments in

history then connected by brilliant editors Rather than cast doubt onto the legitimacy of the Bible Friedman uses these divergent accounts to illuminate a text that was written by real people Friedman s seminal and bestselling text is a comprehensive and authoritative answer to the question just who exactly wrote the Bible **The Hidden Book in the Bible** Richard Elliott Friedman,2009-06-23 Renowned biblical sleuth and scholar Richard Elliot Friedman reveals the first work of prose literature in the world a 3000 year old epic hidden within the books of the Hebrew Bible Written by a single masterful author but obscured by ancient editors and lost for millennia this brilliant epic of love deception war and redemption is a compelling account of humankind s complex relationship with God Friedman boldly restores this prose masterpiece the very heart of the Bible to the extraordinary form in which it was originally written Evolution in the Bible Patricia J. Veenema MDiv.,2022-12-30 How can the God of the Old Testament be the same God of the New Testament With an evolutionary lens there is a reasonable answer to this question At every stage of development we can have an inspired understanding of the Divine but our perception will be configured by our worldview or value system Like transparencies on an overhead projector in this book we overlay two valuable tools the model of the Documentary Hypothesis and the model of Spiral Dynamics enabling us to view the God of the Hebrew Scriptures from an Integral perspective This book invites you to make peace with the God of the Old Testament while honoring the ancients It helps you release the dogma of religion and gives space for you to evolve your understanding of God and awaken to an integral acceptance of the inevitable and necessary stages of human development **The Bible Now** Richard Elliott Friedman,Shawna Dolansky,2011-10-01 For millennia people have used the Bible as a touchstone on important social and political questions and rightly so But many use the Bible simply as a weapon to wield against opponents in a variety of debates without knowing what the Bible actually says about the issue in question In The Bible Now two respected biblical scholars Richard Elliott Friedman and Shawna Dolansky tell us carefully what the Hebrew Bible says or does not say about a wide range of issues including homosexuality abortion women s status capital punishment and the environment In fascinating passages that shed new light on some of today s most passionate disputes the authors reveal how the Bible is frequently misunderstood misquoted mistranslated and misused For instance those who quote the Bible in condemning homosexuality often cite the story of Sodom and those who favor homosexuality point to David s lament over the death of Jonathan But as the authors show neither passage is clearly about homosexuality and these texts do not offer solid footing on which to make an argument Readers learn that female homosexuality is not prohibited only male homosexuality And on the subject of abortion the Bible is practically silent with one extraordinary exception The Bible has inspired people to do great good but has also been used by people to do great harm so it is vitally important for us to pay attention to it and to get it right The Bible Now shows us how we can and cannot use this ancient source of wisdom to address our most current and pressing issues **How to Read the Bible Without Losing Your Mind** Kent Blevins,2014-03-10 Does reading the Bible sometimes leave you confused Do you have difficulty seeing the

relevance of the Bible to modern concerns or to important issues in your life Do you believe Bible reading and intellectual inquiry are mutually exclusive This book explores how the Bible can serve as a resource for discovering truth It provides a method that accepts and incorporates the knowledge gained from modern scholarship while also recognizing that truth discovery is a personal multifaceted journey It honors the integrity of Scripture while remaining open to insight from additional truth sources In exploring what we mean when we speak of the Bible's authority it is honest about the challenges presented to modern readers by the cultural chasm separating the biblical writers from today's world How to Read the Bible Without Losing Your Mind shows how the Bible can be read with full engagement of both mind and heart **The Bible**,

E. Reeves,Hans Madueme,2014-10-28 The Christian doctrines of original sin and the historical fall of Adam have been in retreat since the rise of modernity Here leading scholars present a theological biblical and scientific case for the necessity of belief in original sin and the historicity of Adam and Eve in response to contemporary challenges Representing various Christian traditions the contributors shed light on recent debates as they present the traditional doctrine of original sin as orthodox evangelical and the most theologically mature and cogent synthesis of the biblical witness This fresh look at a heated topic in evangelical circles will appeal to professors students and readers interested in the creation evolution debate *Dating the Old Testament* Craig Davis,2007-04 Dating the Old Testament addresses the subject of when the books of the Bible were written It explains why the books of Genesis through Deuteronomy are a literary unity and how the Egyptian background for these books support a date of writing during the exodus generation It provides a detailed critique of the Documentary Hypothesis the theory that Genesis through Joshua were created from four different sources usually labelled J E D and P It provides extensive evidence that all of Isaiah was written by Isaiah himself and shows why Isaiah may have had a role in the collection and publication of other Old Testament books It describes why the book of Daniel should be considered a product of the early Persian era and not the much later Maccabean period The book contains a discussion of how the Hebrew language changed during the Old Testament era and how this can be used to help date the books of the Old Testament **Women in the Pentateuch** Sarah Shectman,2009 Feminist study of Pentateuchal narrative The matriarchs outside the priestly corpus Other women outside the priestly corpus Women in P s genesis Women in P s Exodus Numbers **A Theology of Literature** William Franke,2017-07-14 With the tools of far reaching revolutions in literary theory and informed by the poetic sense of truth William Franke offers a critical appreciation and philosophical reflection on a way of reading the Bible as theological revelation Franke explores some of the principal literary genres of the Bible Myth Epic History Prophecy

Apocalyptic Writings and Gospel as building upon one another in composing a compactly unified edifice of writing that discloses prophetic and apocalyptic truth in a sense that is intelligible to the secular mind as well as to religious spirits From Genesis to Gospel this revealed truth of the Bible is discovered as a universal heritage of humankind Poetic literature becomes the light of revelation for a theology that is discerned as already inherent in humanity s tradition The divine speaks directly to the human heart by means of infinitely open poetic powers of expression in words exceeding and released from the control of finite human faculties and the authority of human institutions **Introduction to the Prophets** Leclerc, Thomas L.,2017 Now in a second edition this volume introduces college students and adult learners to biblical stories about the prophets as well as the theology and teachings of each of the prophetic books in the Bible There are discussion questions at the end of each chapter **Stringing the Pearls** James S.
