The Big Question Mark:

The Big Question Mark Uzair M. Ghole, 2014-08-30 What is God Can we find proof of God's existence What is the purpose of our life These are some of the tough questions addressed in The Big Question Mark Written in simple straightforward language this book eloquently tackles questions about the myths and mysteries of human existence and mankind's connection to belief and faith It examines the ritual and practices we follow because of our forefathers' beliefs beliefs we are born into and it explains the misinterpretation of various religious scriptures manipulated by political and religious leaders to control the masses The Big Question Mark explores the power of knowledge opening the door of darkness and bringing us to the light of truth and reality it reveals the difference between simply following a path and exploring a path armed with knowledge If you are interested in the truth the mysteries and the myths behind the concept of God and the various religions that worship Him The Big Question Mark is the book for you **Materials Development in Language Teaching**

The Sower of Question Marks ??? Mark Eyskens, 2022-06-22 This book was born out of a long standing frustration due to the observation that a societal silence prevails on existential questions which we dare not talk about even in our highly interconnected world As if an embarrassment has seized our interlocutors struck by a certain metaphysical prudishness as soon as conversation turned to talking about life and death the meaning of our existence or fundamental values and their divine or human origin Is there life after death and Is there life before death are questions that I have never heard raised at the Parliament bar or in a waiting room of the university faculties This book is the result of a reaction to the deficit of essential questioning at a time when digital and other forms of media inundate society This writing is not a philosophical essay nor is it a theological treatise a sociological manual a novel a collection of poems The truth is that it is all of these at the same time Hence the reader must browse the pages of this book with caution and prepare to encounter divergent intellectual landscapes planted with many question marks Furthermore since I will thoroughly discuss transcendence and what is hidden behind the visible and in the heart of the homo sapiens I had to appeal to allegories metaphors images and poetry Three allegories emerge most forcefully that of the homo interrogans the blind monk and that of the palimpsest three symbolic stories that try to unravel some signals of the mystery of being The first concerns the discovery made by an expedition of paleontologists in Africa of an anthropoid skeleton that thanks to the arrangement of the bones was buried in prehistoric times in the shape of a large question mark The second allegory is about a blind monk who knows the contents of all the books in the library and is apparently a visionary The third one is the story of the discovery of an old parchment in Jerusalem an enigmatic palimpsest the decoding of which could upset the understanding of our human condition Moreover a certain professor J C Mortal appears who can be considered as the spiritual twin of the author Life is a mystery to be lived
