## **The Bully By Paul Langan Study Guide:**

**Supporting Reading in Grades 6-12** Sybil M. Farwell, Nancy L. Teger, 2012-06-11 This book presents a curricular framework for students grades 6-12 that school librarians and teachers can use collaboratively to enhance reading skill development, promote literature appreciation, and motivate young people to incorporate reading into their lives beyond the required schoolwork. **Supporting Reading Grades 6-12: A Guide** addresses head-on the disturbing trend of declining leisure reading among students and demonstrates how school librarians can contribute to the development of lifelong reading habits as well as improve students' motivation and test scores. The book provides a comprehensive framework for achieving this: the READS curriculum, which stands for Read as a personal activity, Explore characteristics, history, and awards of creative works; Analyze structure and aesthetic features of creative works; Develop a literary-based product; and Score reading progress. Each of these five components is explained thoroughly, describing how school librarians can encourage students to read as individuals, in groups, and as school communities support classroom teachers' instruction and connect students to today's constantly evolving technologies. Used in combination with an inquiry/information skills model, the READS curriculum enables school librarians to deliver a dynamic, balanced library program that addresses AASL's Standards for the 21st Century Learner.

**Integrating African American Literature in the Library and Classroom** Dorothy Littlejohn Guthrie, 2011-09-14 In this book, African American literature is illuminated through a project-based curriculum that incorporates national curriculum standards. It is important that the school curriculum be representative of the diversity of the American student population. **Integrating African American Literature in the Library and Classroom** is designed to help teachers and librarians achieve that goal. The book recommends and annotates more than 200 titles that touch on African American life from slavery through the present time, most of them by black authors and many of them winners of the Coretta Scott King, Caldecott, and/or Newbery awards. This guide offers cross-curricular lesson plans for grades K-12. Each chapter identifies areas in which instructional attention is most needed to help students develop a greater appreciation for diversity, perseverance, and ethnicity. Examples and ideas for activities are offered to reinforce related concepts. With this book, teachers and librarians will be better able to motivate and inform, helping students discover the richness of African American culture now and through time.

*Once Upon a Time in a Different World* Neal A. Lester, 2010-06-21 This book offers a history and analysis of African American children's literature from its beginnings to the present. Chapters explore issues surrounding race and representation from the race and gender politics of African American hair to the absence of the N-word in children's books.

*The Reflective Educator's Guide to Classroom Research* Nancy Fichtman Dana, Diane Yendol-Hoppey, 2014-04-28 Harness the power of classroom data with the bestselling, updated guide to professional learning through inquiry and analysis. In this third edition of the renowned approach to teacher inquiry and data analysis, the authors add forward-thinking substance to their methods of formulating action research questions, collecting and analyzing data, and

creating lasting solutions In addition to illustrative real life examples and practical exercises new features include An expanded data analysis chapter that introduces formative data analysis and its role in teacher research Techniques for using inquiry to effectively implement Common Core State Standards A brand new chapter on ethical issues in teacher research
