The Business Of Sex:

Nothing Personal Donald McRae,1992-01 The Business of Sex Jody Hanson,2007 The Business of Sex Sex is a business For a prostitute it is a way of making a living for a madam it is a services industry enterprise for a stripper it is creating an illusion for a dominatrix it is maintaining control for a consort it is getting paid for what he might do anyway This collection of interviews takes the reader into the ordinary lives of people who work in the sex industry Their stories are told in their own words offering an insight into the world where sex is a business Jody Hanson has written extensively on her sex industry research in eight countries She is a founding member of the Sex Worker Rights Action Coalition **The Business of Sex** Laxmi Murthy ,Meena Saraswathi Seshu,2014-04-01 Mainstream feminist discourse has failed to fully engage with commercial sex work In a series of groundbreaking previously unpublished essays The Business of Sex corrects this lacuna Moving beyond the traditional feminist focus on slavery and trafficking HIV AIDS and other health issues the contributors to this volume engage fully with the political and theoretical implications of sex work Dismissing old antagonisms they argue that feminism thanks to its role in revolutionizing perspectives on sexuality and labour is a natural ally for the sex workers rights movement In the process these innovative scholars provocatively critique the dominant moral paradigm of heterosexual monogamy which has created a pervasive victim discourse and limited our understanding of sex work s complex realities Drawing on first hand stories from sex workers this volume gives voice to newly articulated movements such as whore feminism and queer feminism feminisms that have the potential to move discussions about sex work onto new and fruitful terrain Published by Zubaan **Athenian Prostitution** Edward E. Cohen,2015-12-01 Athenian Prostitution is a pioneering study that examines the sale of sex in classical Athens from a commercial rather than from a cultural or moral perspective The Business of Sex Jody Hanson,2007 **Business Ethics** Andrew Crane,Dirk Matten,2010-03-25 The third edition of this book introduces business ethics concepts tools and theories then applies them to key stakeholder groups It takes a global approach in a market dominated by US texts The accessible style and thorough pedagogy ensure the book is both student and teacher friendly *The Business of Lovers* Eric Jerome Dickey,2021-03-30 All is fair in love and lust in New York Times bestselling author Eric Jerome Dickey s tale of two brothers four women and the business of desire Unlike their younger brother Andr whose star as a comedian is rising neither Dwayne nor Brick Duquesne is having luck with his career and they re unluckier still in love Former child star Dwayne has just been fired from his latest acting role and barely has enough money to get by after paying child support to his spiteful former lover while Brick struggles to return to his uninspiring white collar job after suffering the dual blows of a health emergency and a nasty breakup with the woman he still loves Neither brother is looking to get entangled with a woman anytime soon but love and lust has a way of twisting the best laid plans When Dwayne tries to reconnect with his teenage son he finds himself fighting to separate his animosity from his attraction for his son s mother Frenchie And Brick s latest source of income chauffeur and bodyguard to three smart

independent women temporarily working as escorts in order to get back on their feet opens a world of possibility in both love and money Penny Christiana and Mocha Latte know plenty of female johns who would pay top dollar for a few hours with a man like Brick if he can let go of his past embrace his unconventional new family and allow strangers to become lovers Eric Jerome Dickey paints a powerful portrait of the family we have the families we create and every sexy moment in between

All the Brains in the Business Kate Lanz, Paul Brown, 2019-11-02 The power of gender difference not gender equality is a secret source for success Some smart businesses are starting to wake up to this fact This book explores why and how Properly valuing brain gender diversity in the workplace is one of the biggest and largely untapped sources of competitive advantage for modern businesses Recent advances in neuroscience provide the key to unlocking it Modern research shows that there are gender based differences in the brain it s just not as simple as a binary between a male brain and female brain In fact our brains are like a mosaic where many of the tiles are available in thousands of shades on a spectrum between pink and blue The problem is that our workplaces tend to be governed by structures processes and cultures that are practically pure blue All the brains in the business that are elsewhere on the spectrum cannot thrive as they might so sources of productivity creativity and agility go untapped Anyone who manages people needs to understand how the brain works and the impact it has on how people work together as teams Anyone who wants to unlock the talent and productivity of all of their people needs to understand how recent findings around male and female type brains should shape the way they manage Leading applied neuroscientists and international corporate coaches Kate Lanz and Paul Brown show you why and how to access all the brains in your business
