liberalised contemporary world as represented by the modernity model of witchcraft and attempts to formulate a spiderweb model that connects witchcraft to contemporary society in a more complex manner The book is a unique ethnography of the collective memory of indigenous knowledge and local historicity The author moves the reader from curse to misfortune to fortune as he plots the notion of curse as deeply embedded in the Adhola way of life He weaves between culture religion state and modernity with lived experience Did the concept of witchcraft unwittingly endear the Adhola to the Christian way of life because of the presence of the notion of curse in the Bible or make them less susceptible to the vagaries of modernity compared to their neighbours These are some of the questions that the author puts on the table in a deeply reflective manner The phenomenon of witchcraft is given an intriguing angle that invites the reader to reexamine earlier anthropological writings on the subject among African peoples
