## **The Bloomsbury Companion To Leibniz Bloomsbury Companions:**

The Continuum Companion to Leibniz Brandon Look, 2011-08-04 With entries written by leading scholars in the field of Modern Philosophy this is a complete one volume reference guide to Leibniz's life, thought and work     **The Bloomsbury Companion to Leibniz** Brandon C. Look, 2014-09-25 The Bloomsbury Companion to Leibniz presents a comprehensive and authoritative introduction to the life, thought and work of one of the great polymaths of the modern world G W Leibniz. This guide enriches the reader's understanding of Leibniz by establishing the philosophies of and Leibniz's reactions to his most important philosophical contemporaries from Descartes to Malebranche. While addressing current philosophical research in Leibniz studies such as his metaphysics, logic and theory of free will, a leading team of experts in the field demonstrate that Leibniz's work was wider in scope. Examining new directions in this field, they cover a number of Leibniz's concerns outside of philosophy including mathematics, physics and the life sciences. The Companion concludes by offering analysis of Leibniz's legacy, his impact on further study, particularly on his successor Immanuel Kant, and how he has subsequently been understood. Together with extended biographical sketches and an up to date and fully comprehensive bibliography, The Bloomsbury Companion to Leibniz is an extremely valuable study tool for students and scholars interested in Leibniz and the era in which he wrote.

*The Bloomsbury Companion to Arendt* Peter Gratton, Yasemin Sari, 2020-10-01 Hannah Arendt's 1906-1975 writings, both in public magazines and in her important books, are still widely studied today. She made original contributions in political thinking that still astound readers and critics alike. The subject of several films and numerous books, colloquia and newspaper articles, Arendt remains a touchstone in innumerable debates about the use of violence in politics, the responsibility one has under dictatorships and totalitarianism, and how to combat the repetition of the horrors of the past. The Bloomsbury Companion to Arendt offers the definitive guide to her writings and ideas, her influences and commentators, as well as the reasons for her lasting significance. With 66 original essays taking up in accessible terms the myriad ways in which one can take up her work and her continuing importance, these essays, written by an international set of her best readers and commentators, provide a comprehensive coverage of her life and the contexts in which her works were written. Special sections take up chapters on each of her key writings, the reception of her work, and key ways she interpreted those who influenced her. If one has come to Arendt from one of her essays on freedom or from yet another bombastic account of her writings on Adolph Eichmann, or as a student or professor working in the field of Arendt studies, this book provides the ideal tool for thinking with and rediscovering one of the most important intellectuals of the past century. But just as importantly, contributors advance the study of Arendt into neglected areas such as science and ecology, to demonstrate her importance not just to debates in which she was well known, but those touched off only after her death. Arendt's approaches, as well as her concrete claims about the political, have much to offer given the current ecological and refugee crises among others. In sum, then, the Companion provides a tool for thinking with Arendt, but also for showing just where those thinking

with her can take her work today      *The Bloomsbury Companion to Marx* Andrew Pendakis, Imre Szeman, Jeff Diamanti, 2018-12-27 There are very few figures in history that have exerted as much and as varied an influence as Karl Marx His work represents an unrivalled intervention into fields as various as philosophy journalism economics history politics and cultural criticism His name is invoked across the political spectrum in connection to revolution and insurrection social justice and economic transformation *The Bloomsbury Companion to Marx* is the definitive reference guide to Marx's life and work Written by an international team of leading Marx scholars the book offers comprehensive coverage of Marx's life and contexts sources influences and encounters key writings major themes and topics and reception and influence The defining feature of this Companion is its attention to the new directions in Marxism that animate the theoretical scientific and political sides of Marx's thought Gender and the growing importance of Marxist feminism is treated as equally important to clarifying Marx today as traditional and diverse categories of critique such as class capital and mode of production Similarly this Companion showcases the methodological and political importance of Marxism to environmentalist politics Finally the volume examines in detail non European Marxisms demonstrating the centrality of Marxist thought to political movements both within and beyond the global north This book is the ideal research resource for anyone working on Marx and his ideas today and as an entry point if you are approaching Marx's thought for the first time      *The Bloomsbury Companion to Socrates* John Bussanich, Nicholas D. Smith, 2013-03-14 Socrates the largely enigmatic Greek thinker is universally considered to have laid the foundations of western philosophy His philosophy available to us through the early dialogues of Plato and the writings of his contemporaries has had a remarkably enduring influence on virtually every area of philosophical enterprise This comprehensive and accessible guide to Socrates life and death character and philosophical concerns features thirteen specially commissioned sections written by a team of leading experts in the field of ancient philosophy covering every aspect of Socratic thought The Companion presents a comprehensive overview of the various features themes and topics apparent in Socrates thought including Socratic irony metaphysics epistemology happiness virtue moral psychology philosophy of love political philosophy and religious belief It concludes with a thoroughly comprehensive bibliography of primary and secondary sources This is an essential reference tool for anyone working in the field of ancient philosophy

**The Bloomsbury Companion to Aristotle** Claudia Baracchi, 2014-01-30 Aristotle is one of the most crucial figures in the history of Western thought and his name and ideas continue to be invoked in a wide range of contemporary philosophical discussions *The Bloomsbury Companion to Aristotle* brings together leading scholars from across the world and from a variety of philosophical traditions to survey the recent research on Aristotle's thought and its contributions to the full spectrum of philosophical enquiry from logic to the natural sciences and psychology from metaphysics to ethics politics and aesthetics Further essays address aspects of the transmission preservation and elaboration of Aristotle's thought in subsequent phases of the history of philosophy from the Judeo Arabic reception to debates in Europe and North America and

look forward to potential future directions for the study of his thought In addition The Bloomsbury Companion to Aristotle includes an extensive range of essential reference tools offering assistance to researchers working in the field including a chronology of recent research a glossary of key Aristotelian terms with Latin concordances and textual references and a guide to further reading
